A Modern Approach SECOND EDITION

Answers to Selected Exercises and Programming Projects

The following links lead to answers to selected exercises and programming projects from the [second edition of C Programming: A Modern Approach](#). Exercises and projects for which answers are provided are marked with a  icon in the book.

Note: These exercises and projects were originally the even-numbered exercises in the [first edition](#). (The first edition did not distinguish between exercises and programming projects.) For the benefit of readers who have the first edition, the original exercise number is given in square brackets. For example, the notation [was #4] indicates that the number of the exercise (or programming project) was 4 in the first edition. If an answer is different because of second-edition changes, the word "modified" will appear inside the brackets: [was #4; modified].
