especially that of the CJEU and legal literature in the field of copyright The analysis culminates with a proposed blueprint for a compensated limitation for non commercial individual use that is consistent with EU copyright law As a thoroughly researched and balanced response to the urgent need to rethink EU copyright law in light of its lack of social acceptance and technological adequacy this book will be of inestimable value to lawyers policymakers and scholars in the field as well as to interest groups involved in discussions for reform and modernisation of EU digital copyright law **Report of the Special**
