# WRITING A NOVEL

Writing a novel can be a long and difficult process. It can often be hard to know what steps to take. Below is an easy path to take when creating a novel.

## Create characters, setting, & plot

Once you have an idea, create **detailed character sheets**, setting details, maps, and define your plot.

**World Anvil** is a great online tool for this!!

## Write!

Write your novel straight through and don't go back to make changes! **Just WRITE!**

## Rewrite a lot

Now, go back and **rewrite as much as you need**. Rewriting is a long process and it's up to you to decide when it's **perfect**.

## Revise & edit

Revise & edit...on repeat. **Keep fixing up your novel** with the tips offered by your beta readers.

## Have a Marketing Strategy

The best practice for this step is to **make your strategy while you're still writing your book**.

Perfect it here!

## Market & Promote

**Marketing & promotion is key** for a successful book launch & sales! Make sure you stay on top of things!

## Get inspired

The first step of any novel is to **get inspired**. Jot down book ideas in your journal, research ideas online, take part in **writing prompts**, etc.

Once you get an idea, **hone it**.

## Make an Outline

Make an in depth outline, even going so far as to **outline every chapter and scene!**

## Leave it alone

**Leave your first draft alone for 3 days** before going back to edit.

This will keep you from overediting or not editing enough.

## Get Beta Readers

**Reach out to people** on social media or friends to read your book and **offer constructive criticism!**

## Make a book cover

Once your book is done, **write a synopsis** and create a book cover. I like to use **Canva** for my covers.

**Make sure you're adhering to your publishers guidelines!**

## Publish!

This is a tricky step for self-publishers, but places like **Ingram spark** make it easier!
