Understanding The Christian Faith Adebayo Pedro,2025-10-12 Understanding the Christian Faith is a comprehensive and enlightening guide that helps believers and seekers alike grasp the true essence of Christianity Adebayo Pedro presents deep

The Student s Guide is for each of the participants in the group other than the Leader who will be teaching from the Leader s Manual Unlike the Leader s Manual the Students Guides have empty fill in the blanks and do not have the Leader s Notes on the accompanying page Each Student s Guide is designed with space to take plenty of notes and is the Students to keep at the end of the study The Christian faith in America is dying due to a lack of proper education in our homes and churches One of the biggest failures of our modern times is that we have missed the command from our Lord to Go and make disciples teaching them More focus has been spent on filling the altars than has been given to simply teaching and feeding the sheep who are already in the flock This has led to a growing trend of non church attendance by adults and a mass exodus of youth from the Christian faith Post modernism has emptied our churches because it says that God is not real the Bible isn t reliable and Jesus isn t the answer Our school systems have brainwashed our minds to believe that we are all just a great big evolutionary cosmic accident with no absolute meaning for our lives The Faith Survival Guide will reverse this trend by providing a simple to use apologetics guide that will answer some of the biggest questions facing the Christian faith Written in an easy to teach format any Average Joe who wants to see their church family and community become bold Warriors for Christ needs to get this curriculum for their Sunday school small group or at home study group Order today to be the change in your environment May God bless you      **A Manual of Instructions in Christian Doctrine (1861)** John George

Wenham,2008-06-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work      **The Compact Guide to the Christian Faith** John

Schwarz,1999 An insightful study introducing readers to the Bible church history other religious belief systems evangelism prayer and more      *The Christian's Manual of Faith and Devotion* John Henry Hobart,1849      Believers Foundations

Training Manual Osmond Owusu,2016-09-30 The Believers Foundations Training Manual is a must study book for any newly born again believer in the Lord Jesus Christ The book is also strongly recommended study for any believer who wants to ensure their foundational roots in the Word of God grows deeper Many church groups do not have consistent training

material for the newly born again Christian These are for the most part left to feed on scraps they could find here and there Those who provide any such material seldom address critical and pertinent questions the new babe in Christ may have The world is more complex and has unique challenging puzzles for the Christian faith especially for the new Christian This manual is designed to support the new Christian in the quest to seek the Lord Jesus from the very pages of the Holy Scriptures This manual also equips the new believer to also not accept anything at face value but ask good questions for clarification This comes from the premise that the Holy Scriptures have the answers The believer is imbibed with the notion that the answers that the Lord Jesus has revealed can be known in the pages of the scriptures through diligent search For those of us who are older in the faith you may have some of your long held beliefs challenged by biblical textual evidence We all need this learning curve to help us grow Its a tremendous journey Come aboard For those who know it all this manual is not for you

Understanding the Christian Faith Kevin Giles,1982 This study manual on Christian doctrine was written for learners to help them get to grips with the basics of their faith It was felt that most of the books on doctrine available on the bookshops were too wordy and abstract for the average Christian They were written more as textbooks than as aids to understanding These studies could be used in many ways but the following have been tried with some success personal study group study a sermon series and in a class situation

*Grounded in the Faith* Ken Erisman,2013-07-15 The greatest challenge for the twenty first century church is the lack of catechesis training in biblical and doctrinal knowledge As J I Packer states where wise catechesis has flourished the church has flourished and where it has been neglected the church has floundered It is increasingly apparent that we are raising up generations of Christians who often have little idea what they should believe and why they should believe it Grounded in the Faith takes up that challenge with twenty four low prep in depth sessions that will ground believers in the basics of their faith This new innovative guide is a transformational disciple making tool that leaders can immediately use to activate discipleship in the church It presents individuals small groups and Sunday school classes with a cohesive understanding of historic sound biblical theology that serves as a catalyst for deeper intimacy with Christ It is a user friendly guide to growth in the Christian faith that covers important topics such as justification overcoming temptation sanctification evidence for the inspiration of the Bible the value of prayer the guidance of God the Trinity the uniqueness of Christ and the attributes of God

**The Layman's Manual on Christian Apologetics** Brian G. Chilton,2019-11-14 Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors bloggers and stars from the entertainment industry The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith But how does one respond to these objections For the laity of the church this is especially difficult as many are left without the proper training to know how to answer these objections In The Layman s Manual on Christian Apologetics the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking

about attending seminary In this book three major areas of apologetics are covered The first unit engages the nature of truth and what can be known The second unit deals with the existence of God and issues involving God s existence The last unit tackles historical objections to the resurrection of Jesus and early Christianity The Layman s Manual on Christian Apologetics delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable
