Christian Talking Points Christian S And Knowledge Of The Bible:

Understanding Christian Doctrine Ian S. Markham, 2017-03-16 The comprehensive and engaging introduction to contemporary Christianity revised and updated The second edition of Understanding Christian Doctrine presents a completely updated and revised edition that builds on the most popular features of the first edition to offer a lively overview to the central beliefs of Christianity Ian S Markham a noted authority of Christianity discusses the great thinkers of the Christian tradition and puts them in conversation with contemporary progressive theologies in a book that goes from Augustine Aquinas and Luther to Liberationist Feminist and Queer theologies Designed to be a basic primer the text is written in a manner that assumes the reader has no prior knowledge of theology or Christian doctrine The book is designed to present the basic options in all the key areas of Christianity as well as information on how to make complex theological decisions The author tackles all the key questions from creation to eschatology Furthermore Markham makes his own distinctive contribution he argues that theodicy traditionally seen as a major difficulty with belief is actually a theme that links many aspects of Christian doctrine The revised second edition includes a wealth of new information including A lively and comprehensive introduction to Christianity that assumes no prior knowledge of the faith An overview to the great thinkers of Christian tradition that puts them in conversation with progressive liberationist theologies Suggestions that help even the most skeptical to learn to understand and possibly embrace theological assertions Breakout boxes that explain the significance of the text s various philosophical ideas and positions The text is ideal for anyone interested in learning about the foundations of Christianity as well as new ideas about the faith Christianity is presented in a manner that embraces the richness of the tradition and affirms the central claims of the historical creeds while engaging with liberationist challenges to the tradition

Christians in Conversation Alberto Rigolio, 2019-02-13 To study Christian dialogues means to recognize that the dialogue form notably employed by Plato and Aristotle did not exhaust itself with the philosophical schools of Classical and Hellenistic Greece but emerged transformed and reinvigorated in the religiously diverse world of Late Antiquity The Christians s use of the dialogue form within religious controversy resulted in a burgeoning activity of composition of prose dialogues which now opposed a Christian and a Jew a Christian and a pagan a Christian and a Manichaean an orthodox and a heretic or later a Christian and a Muslim The present work offers the first comprehensive analysis of Christian dialogues in Greek and in Syriac from the earliest examples in the second century to the end of the sixth century **CSB**
