

# CHRISTIE LW40

## World's Brightest Native 16:9 High Performance Projector

Christie's LW40 is the world's first native 16:9 high brightness projector, perfect for cinema advertising and alternative content applications. The LW40 builds on the proven success of the RoadRunner 3D projector, with additional custom features for the cinema environment.

The LW40 provides a native 16:9 aspect ratio and an incredible 4,000 ANSI lumens brightness from a dual-lamp light engine for bright, high-resolution images. The native 16:9 WQGA panel provides 44% more pixels on the screen than an XGA resolution projector displaying 16:9 content. The latest 3D digital video processing produces sharp video images from analog and digital sources, 99% brightness uniformity and a 900:1 contrast ratio take your image presentation to the next level. The lens mount provides up to 12" horizontal image offset which provides a perfectly square image in standard cinema configurations with offset projection port locations. The LW40 provides excellent balance of performance and value for your largest cinema screens.

The dual lamp design of the LW40 offers the choice of projecting 4,000 ANSI lumens for bright large screen images, or 2,400 ANSI lumens in single-lamp mode to automatically extend the lamp life and provide built-in redundancy for fail-safe operation.

Feature-rich and supported by a full suite of optional lenses and accessories, the LW40 is compatible with Christie's new Real Color Manager (RCM) software. Users can target and match the displayed color to specific gamma curves and reference monitors for a picture-perfect presentation and real-life images. When displaying computer presentation the image can be displayed centered on the screen in pixel-perfect XGA (1024x768) wide without changing the zoom lens, or cropping the image height.

The LW40 is compatible with a broad array of analog and digital video and data inputs with a range of optional interface cards, including advanced DVI-D, SDI and HD-SDI formats to interface perfectly with the latest source players and receivers. Network connectivity is available with ChristieNET™ to attach the LW40 to any network allowing you to monitor lamp life, projector temperature and other vital functions, giving you full control and monitoring for preventative maintenance in real time.

- High brightness 4,000 ANSI lumens
