can be a smart idea a car loses the lion s share of its value when it is driven off the new car lot so why let someone else take  
that loss But buyer beware A used car is likely to need more repairs and may come with a short warranty or none at all In  
addition used cars may lack the latest safety features That is why it is so important for consumers to do extensive research so  
they can avoid all of the potential pitfalls of buying a used car The auto experts at Consumer Reports have done the work for  
you and have compiled their extensive research and report their findings into the 2007 edition of USED CAR BUYING GUIDE  
This fabulous tool will help steer any consumer who is in the market for a used car towards the better performing and more  
reliable used car models and away from those models with a troubled past or substandard performance Before consumers set  
foot on a used car lot they should read all the valuable information provided in this book so they can be armed with as much  
information as possible and the knowledge to make an educated choice Consumer Reports knows cars and offers the most  
detailed and revealing used car reliability information available anywhere including Unbiased reviews of every major model
