## **Church Continuity And Unity:**

**Church, Continuity & Unity** Hector Burn-Murdoch, 1945      **The Unity of Christ** Christopher A. Beeley, 2012-09-25  
No period of history was more formative for the development of Christianity than the patristic age when church leaders monks and laity established the standard features of Christianity as we know it today Combining historical and theological analysis Christopher Beeley presents a detailed and far reaching account of how key theologians and church councils understood the most central element of their faith the identity and significance of Jesus Christ Focusing particularly on the question of how Christ can be both human and divine and reassessing both officially orthodox and heretical figures Beeley traces how an authoritative theological tradition was constructed His book holds major implications for contemporary theology church history and ecumenical discussions and it is bound to revolutionize the way in which patristic tradition is understood

**The Unity and Continuity of the Church** William Humphrey, Thomas William Wilkinson, 1891      **The Unity and Continuity of the Church. A Sermon [on Eph. Iv. 4], Etc** William HUMPHREY (S.J.), 1891      *The Unity and Continuity of the Church* William Humphrey, 1891      **The Reunion of the Church** Lesslie Newbigin, 1948      **Vatican I and Vatican II** Kristin Colberg, 2016 Vatican I and Vatican II represent two of the three ecumenical councils in modern times yet relatively few studies have sought to understand their relation to one another In fact the councils are often positioned as mutually exclusive so that one must choose either Vatican I s or Vatican II s presentations of church and ecclesial authority Failing to understand the relationship between these councils inhibits the church s self understanding and risks misinterpreting key aspects of its own tradition further it limits the church s ability to teach effectively on topics of concern to modern women and men such as authority freedom and ecclesiology Vatican I and Vatican II Councils in the Living Tradition uses the questions of what why and how the councils taught to frame and demonstrate significant points of continuity complementarity and difference between them It argues that only by seeing both Vatican I and Vatican II as communicating vital dimensions of the Christian faith can the church s living tradition be fully appreciated and speak meaningfully to modern Christian women and men

**Ecumenical Ecclesiology** Gesa Elsbeth Thiessen, 2009-09-15 This is a rich collection of fifteen articles by European North American and Asian theologians who are concerned with the concept life unity and future of the church It offers a wealth of broad perspectives on ecclesiology by scholars from Catholic Protestant and Orthodox backgrounds The first section Perspectives on Ecumenical Ecclesiology comprises reflections on postmodern ecclesiologies as well as on the development and problems concerning ecumenical methods and models of unity The second section Communion Ecclesiology and Otherness provides some pertinent deliberations on how an ecclesiology of communion can integrate otherness In particular Zizioulas communion ecclesiology is critically examined the possibility for a retrieval of Eucharistic theology between Catholics and Orthodox is put forward and Tillard s communion ecclesiology is appraised as offering resources for innerdenominational otherness The final section Ecclesiology in Global Contexts

considers critically the possibility of evangelical ecclesiology as an answer to ethnic impaired Christian community The role of the Catholic Church and its values in Europe and vis vis the European Constitution is examined The Church of Nigeria s Constitutional Revision 2005 and its ecclesial ecumenical implications comes into focus and three notable concepts of unity as developed by three Indian scholars S K George John Sadiq and Karem David are evaluated Finally the Japanese diaspora in the States is appraised as a place where a particular Japanese Christian vision could emerge through the internationalist ecclesiology developed by Japanese Christian missionaries
