

Dhs Report On American Legion

James Ridgeway

Dhs Report On American Legion:

Constructing Ecoterrorism John Sorenson, 2016-07-01T00:00:00Z Animal rights is an important social justice movement and the animal rights movement presents ethical and political challenges to deeply rooted structures of violence and exploitation challenging ideologies of capitalism and speciesism Corporate interests that form the animal industrial complex understand the animal rights movement as a threat to their profits and have mobilized to undermine it Informed by both critical animal studies and critical terrorism studies John Sorenson analyzes ecoterrorism as a social construction He examines how corporations that profit from animal exploitation fund and produce propaganda to portray the compassionate goals and nonviolent practices of animal activists as outlandish anti human campaigns that operate by violent means not only to destroy Western civilization but also to create actual genocide The idea of concern for others is itself a dangerous one and capitalism works by keeping people focused on individual interests and discouraging compassion and commitment to others Driven by powerful and wealthy industries founded upon the exploitation of nonhuman animals and the extraction of natural resources the discourse of ecoterrorism is a useful mechanism to repress criticism of the institutionalized violence and cruelty of these industries as well as their destructive impact on the environment their major contribution to global warming and ecological disaster and their negative impacts on human health Further by deliberately constructing an image of activists as dangerous and violent terrorists these corporations and their representatives in government have created a widespread climate of fear that is very useful in legitimizing calls for more policing and more repressive legislation such as Bill C 51 in Canada

Blood in the Face (revised new edition) James Ridgeway, 2025-01-14 In 1990 BLOOD IN THE FACE The Ku Klux Klan Aryan Nations Nazi Skinheads and the Rise of a New White Culture was the first book to uncover the contours beliefs leaders and wider influence of the American racist far right movement It told their story from the inside out complete with interviews recruiting pamphlets cartoons rants sermons threats police reports and more The accompanying analysis by veteran investigative reporter James Ridgeway detailed the movement's volatile history and its expansion beginning in the 1980s insisting that the groups making up this fringe culture were too powerful and too much a part of American culture to be ignored or dismissed When the book's prescience about the dangers of the racist far right became manifest in the Oklahoma City bombing of 1995 a second edition of BLOOD IN THE FACE was released with a new introduction charting the rise of the Militia Movement to which Timothy McVeigh and his co conspirators were connected Since then both the book and the documentary film that accompanied its release also titled BLOOD IN THE FACE have earned cult followings In the past 25 years Ridgeway's final warning that the fringe was becoming part of the fabric of American politics and culture have come to chilling fruition in the rise of the Tea Party the racist backlash against the presidency of Barack Obama the resurgence of anti immigrant Nativism the growth of racist far right media and the election of Donald Trump with the thunderous support of white nationalists

The American Legion, 2008 **Right-Wing Resurgence** Daryl

Johnson,2012-09-14 In 2008 there were 149 militia groups in the United States In 2009 that number more than tripled to 512 and now there are nearly 600 In Right Wing Resurgence author Daryl Johnson offers a detailed account of the growth of right wing extremism and militias in the United States and the ever increasing threat they pose The author is an acknowledged expert in this area and has been an intelligence analyst working for several federal agencies for nearly 20 years The book is also a first hand insider s account of the DHS Right Wing Extremism report from the person who wrote it It is a truthful depiction of the facts circumstances and events leading up to the leak of this official intelligence assessment The leak and its aftermath have had an adverse effect on homeland security Because of its alleged mishandling of the situation the Department s reputation has declined in the intelligence and law enforcement communities and the analytical integrity of the Office of Intelligence and Analysis was undermined Most importantly the nation s security has been compromised during a critical time when a significant domestic terrorist threat is growing This book is replete with case studies and interviews with leaders which reveal their agendas how they recruit and how they operate around the country It presents a comprehensive account of an ever growing security concern at a time when this threat is only beginning to be realized and is still largely ignored in many circles

Alt-America David Neiwert,2017-10-17 Just as Donald Trump s victorious campaign for the US presidency shocked liberal Americans the seemingly sudden national prominence of white supremacists xenophobes militia leaders and mysterious Alt Right leaders mystifies many But the extreme Right has been growing steadily in the US since the 1990s with the rise of Patriot militias following 9 11 when conspiracy theorists found fresh life and in virulent reaction to the first black president of the country Nurtured by a powerful right wing media sector in radio TV and online the Far Right Tea Party movement conservatives and Republican activists found common ground in Producerist ideology and constitutionalist interpretations of US law an alternative America that is resurgent even as it has been ignored by the political establishment and mainstream media Investigative reporter David Neiwert has been tracking extremists for more than two decades and here he provides a deeply reported and authoritative report on the background mindset and growth on the ground of Far Right movements across the country The product of years of reportage and including the most in depth investigation of Trump s ties to Far Right figures this is a crucial book about one of the most disturbing sides of the US

Journal of the Senate of the United States of America United States. Congress. Senate, **School Report of the City of Portland, Maine ...** Portland (Me.),1940 **Proceedings of ... National Executive Committee of the American Legion** American Legion. National Executive Committee,2008-05-07 **Homeland Security for the Private Sector** Roger L.

Kemp,2007-06-13 The field of homeland security is only a few years old and is changing rapidly as new practices emerge to safeguard America s cities towns and citizens from future terrorist attacks Private sector companies are also developing new practices in this emerging discipline to protect their operations employees and customers Executives and consultants have devised measures to protect private buildings ensure that citizens are properly evacuated if a crisis occurs and online

databases from compromise This volume collects the best homeland security practices from the private sector for the use of business persons and citizens throughout the nation It includes a wide range of essays published since September of 2001 Also included is a regional resource directory a national resource directory a bibliography and an index *Annual Report - Department of Defense Hawaii*. Department of Defense,1989 *QST* ,1915 *CIS Annual* ,2007 **Annual Reports of the Town Officers of Deerfield, Massachusetts** ,1921 **Homeland Security** Debra A. Miller,2009 Essays debate the issue of American security covering such topics as the Department of Homeland Security what factors contribute to terrorism and the legality of recent executive and judicial branch decisions **Indiana Comprehensive Annual Financial Report for the Fiscal Year Ended ...** Indiana. Auditor of State's Office, **The American Legion Magazine** ,1988 **Congressional Record** United States. Congress,2008 **Legislative Synopsis and Digest ... General Assembly, State of Illinois** Illinois. General Assembly,2015 *National News* ,2004 Terrorism Dan O'Hair,2008 This volume offers the best available thinking and analysis on the topic of the rhetoric and communication of terrorism Each of the chapters isolates a particular issue or concern and exposes the difficult choices and subsequent processes facing participants in the management of terrorism By wrapping the analysis in a web of communication and rhetorical processes and theories the authors develop unique perspectives from which to characterize these contexts This volume is intended for multiple audiences including those interested not only in the specific topic but in risk communication crisis management policy management and political science
