Christianity Before Christ John G Jackson:

Christianity Before Christ John G. Jackson, 1985 Nothing is new or original in Christianity All features and components of what is now known as Christianity were present in mythologies that flourished before Jesus is alleged to have lived and this book shows how those myths evolved into today's religion **Suns of God** Acharya S, 2004 Unlike many modern historians Perry was a diffusionist who believed that modern civilization began in Egypt and was spread via ships to Indonesia the Pacific Islands and even to North America Perry traces the origin of megalithic culture starting in Egypt and then across the Pacific Searching for gold obsidian and pearls they travelled across the Pacific to the American Southwest and Mexico

The Genesis of the Bible Shaka Saye Bambata Dolo, 2012-03-06 This book is about Christianity Islam Judaism and how the Arabs and Europeans took these African Religious Belief Systems from ancient Egypt North Africa and used them during The Trans Sahara African Slave Trade by the Arabs in the name of Allah and followed by The Transatlantic African Slave Trade by the Europeans in the name of Jesus to enslave the bodies minds and souls of the African Race This book is about the Jesus Deception that has been passed on down through history by European historians that is still being taught around the world today This book takes a provocative intellectual scholastic historical cultural and sociological look at the Bible This book identifies the names of the translators of the King James Bible of 1611 A D and when the chapters and verses in the Bible were created and who created them The purpose of this book is to expose the historical cultural sociological religious and theological lies of the Europeans and the Arabs This book reveals the truth of the origination of The Bible as There Is No Religion Higher Than The Truth Join me in an intellectual odyssey through time Here I feel like a Lone Warrior standing before a mighty army Come with me on this perilous pilgrimage as we travel through a parallel universe I dedicate this book to my mother and father who gave me life To the rest of my Native African family for supporting me and encouraging me on this publishing venture To the Heavenly Father without whom none of this would be possible There are others I would also like to thank for being a part of helping me through this journey called Life such as my professors at the Alabama State University where many a great scholar's path I have crossed To my American family and friends in Mobile Alabama who nurtured and taught me from childhood to adulthood The many friends and colleagues I met in my travels all across America in my intellectual journey and last but certainly not least to my publisher for granting me the opportunity to speak to many all around the world in this forum I am eternally indebted to you all Thank you The End of Black Studies Clovis E.

Semmes, 2016-08-12 Following a history of racial oppression and segregation Black Americans were able to move in greater numbers into previously all or predominantly White colleges and universities However they encountered normative structures that excluded or distorted the Black experience and denied Black perspectives As a result Black studies grew up reconstructing the humanity of a historically oppressed devalued and exploited group Knowledge production in Black studies offers distinct insights into the strength and resiliency of the human spirit and poses exemplary models for enlightened social

change This book examines the foundational parameters and historical mission of the field of African American Studies which emerged from a broad based Black intellectual tradition defined by the metaproblem of cultural hegemony Semmes seeks to broaden our thinking about the scope and content of Black studies The End of Black Studies identifies Afrocentric or Black centered approaches to knowledge production that are distinctly different from yet inclusive of a historiographical emphasis on ancient Egypt but alternative to the claim of a singular African worldview This book will appeal to students and scholars interested in the field of Black Studies including African American studies Africana studies Africology and Pan African studies It will be a source of critical discussion for graduate seminars examining theory building and or knowledge production research and writing in Black studies The End of Black Studies has received the 2017 Outstanding Book Award from the National Council for Black Studies Read the Introduction for free online using our eBook widget [Shattering the Christ Myth](#) James Patrick Holding,2008-06 How To Get Rid of Jesus Prove He Didn t Exist A popular question posed by Christians today asks WWJD which stands for What Would Jesus Do For more and more Skeptics of Christianity however the answer to this question is JDNE which stands for Jesus did not exist In this volume edited by prominent Internet apologist James Patrick Holding a team of Christian authors provide a series of essays giving detailed answers to those who argue for the Christ myth Though rejected by mainstream scholars this theory continues to grow in popularity among popular writers and Internet antagonists The need for Christians to be ready to give an answer to it will only become more urgent Here s a clear and compelling rebuttal to fallacious claims that keep resurfacing in books and on the Internet It s well researched expertly presented and ultimately convincing Lee Strobel author The Case for the Real Jesus **The Holy Black Papyrus** Floyd Williams,2015-04-03 A book about the resurrection of THE BLACK MAN AND THE BLACK WOMAN We are in a period of history where it seems to be repeating it self and this has provoked many fears and questions for some The Holy Black Papyrus addresses these concerns and questions if you are looking for answers insight knowledge of self or just a great read then this book is for you Great for the layman and scholar [Hubert Harrison](#) Brian Kwoba,2025-05-30 The significance of Hubert Henry Harrison 1883 1927 as a journalist activist and educator lies in his innovation of radical solutions to radical injustices He witnessed staggering luxury for the few alongside crushing poverty for the many White mob violence continually haunted Black communities while imperial conquest and world wars wrought wanton destruction upon entire nations of people These conditions sparked a global political awakening to which Harrison gave voice as a leading figure in cutting edge struggles for socialism internationalism free love freethinking and free speech He did far more than cultivate the rich dark soil in which the so called Harlem Renaissance would take root Harrison also played a pivotal role in the rise of Marcus Garvey and the emergence of the largest international organization of African people in modern history Because of his fearless radicalism however he has been erased from popular memory Hubert Harrison presents a historical restoration of Harrison s numerous intellectual and political breakthroughs Offering a fresh interpretation of his contributions to social

movements for economic racial and sexual liberation Brian Kwoba's richly textured narrative highlights the startling and continued relevance of Harrison's visionary thinking across generations *From Plight to Promise* Raymond
