Lee,Susan Rochette-Crawley,2000-12-30 While the short story has existed in various forms for centuries it has particularly flourished during the last hundred years and especially in recent decades Though many outstanding novels have been written in the 20th century most of these writers have also published short fiction And in many cases their short stories exhibit a greater degree of coherence and integrity than their longer works The rise of creative writing programs in the 1960s helped fuel the growth of the short story and brought academic attention to it So too the emergence of multiculturalism encouraged authors of diverse backgrounds to write about their cultures This reference is a guide to the contemporary English language short story Included are alphabetically arranged entries for roughly 50 English language short story writers from around the world such as Chinua Achebe John Barth Jamaica Kincaid Salman Rushdie and Amy Tan More than half the American writers profiled are from historically marginalized groups such as Jewish Americans African Americans and Asian Americans Most of these authors have been active since 1960 and they reflect a wide range of experiences and perspectives in their works Each entry is written by an expert contributor and includes biographical material a brief review of existing criticism a lengthier analysis of specific works and a selected bibliography of primary and secondary sources The volume begins with a detailed introduction to the short story genre and concludes with an annotated bibliography of major works on short story theory **Captain Billy's Troopers** William Cobb,2015-09 Along the way readers relish his first experiences of love and success as a writer leading to a career as a professor of writing at Alabama College now the University of Montevallo in 1963 From there Cobb s struggles with alcohol and depression lead to elongated years of tumbling creative output and the collapse of his marriage The summer of 1984 found Cobb in rehab the first step in his path to recovery His unflinching memoir narrates both the milestones and telling details of his intense therapy and years in Alcoholics Anonymous AA In the sober thirty years since Cobb has published a string of critically praised novels and a prize winning collection of short stories The capstone of his comeback was winning the Harper Lee Award in 2007 for distinguished fiction writing In 2000 shortly after retiring Cobb developed NPH which upset his sense of balance and triggered dementia symptoms and other maladies **Cat-Cup Clones** Zahn Pesh,2011-10-25 Why a fictional memoir and why the arcane language to tell a story about a youth who is mentally a pre teenager while physically developing as an adult Because the works I admire most seem to fall into that literary genre

Marcel Proust James Joyce Gertrude Stein Lawrence Durrell and more recent writings like Robert Pirsigs Zen and the Art of Motorcycle Maintenance and like Dave Eggers A Heartbreaking Work of Staggering Genius And because the youth Vaney expressed himself in arcane phrases like mama gift it to me and meaningful body language as well as mysterious seizures Finally why self publish Because the publishing industry may not yet be ready for major changes as it was unready for Proust Joyce and others Zahn Pesh hopes you enjoy this book
