Democracy in Practice S. Rai,R. Johnson,2014-12-09 This collection makes a compelling case for the importance of studying ceremony and ritual in deepening our understanding of modern democratic parliaments It reveals through rich case studies that modes of behaviour the negotiation of political and physical spaces and the creation of specific institutional cultures underpin democracy in practice **Crafting Parliament in Myanmar's Disciplined Democracy (2011-2021)**

Renaud Egreteau,2022-03-01 In January 2011 parliament was restored in Myanmar after two decades of military rule Startlingly it began to repeal obsolete laws scrutinize government expenditures summon ministers to the floor and discuss the state s annual budget It also allowed its elected representatives to make public the grievances collected from constituents infuriated at enduring practices of land confiscation petty corruption and everyday abuses of power Yet ten years later in February 2021 parliament was shut down again by a coup d tat What has been learned in the span of a decade of post junta parliamentary resurgence How could an elected legislature resurface and function in a country that had only limited experience with parliamentary affairs and representative politics since its independence from British rule What lessons can be drawn from the Myanmar case for parliamentary institution building and legislative developments and decay in post authoritarian and praetorian contexts This book offers a compelling account of Myanmar s halting efforts to develop the institutional framework and practice of a parliament based democratic governance between 2011 and 2021 It charts the stages of such a legislative resurgence tracing its causes and exploring how various institutional and political legacies both informed and constrained the re establishment and operations of the Union legislature or Pyidaungsu Hluttaw Embracing both ethnographic observations and a methodical engagement with legislative proceedings and historical material Renaud Egreteau investigates how parliamentary life re emerged in Myanmar in the 2010s His analysis concentrates on key legislative mechanisms processes and tasks pertaining to government oversight budgetary control representation and lawmaking and interrogates how they were learned re appropriated and mis performed by Myanmar s new breed of legislators and parliamentary staff until the 2021 army takeover [The Anthropology of Parliaments](#) Emma

Rai, Carole Spary, 2018-10-09 Seven decades after India's independence women members occupy 1 in 10 seats in the Lok Sabha the lower house of the Indian Parliament In analysing women's limited presence in the Indian Parliament *Performing Representation* breaks new ground in scholarship on gender and politics It explores the possibilities and limits of parliamentary democracy and the participation of women in its institutional performances This book offers new insights into the gendered nature of the performance aesthetics and norms of parliamentary life through an examination of electoral data legislative debates and life stories of women MPs The authors avoid both the framing of women MPs either simply as challengers of masculinized institutional politics or only as docile actors in a gendered institution Making a strong case for taking parliamentary politics seriously in these times of populism the book raises critical questions about the politics of difference claim making representation and intersectionality and addresses these as part of global feminist debates on the importance of the women's representation in political institutions

Parliament Buildings Sophia Psarra,Uta Staiger,Claudia Sternberg,2023-10-30 As political polarisation undermines confidence in the shared values and established constitutional orders of many nations it is imperative that we explore how parliaments are to stay relevant and accessible to the citizens whom they serve The rise of modern democracies is thought to have found physical expression in the staged unity of the parliamentary seating plan However the built forms alone cannot give sufficient testimony to the exercise of power in political life Parliament Buildings brings together architecture history art history history of political thought sociology behavioural psychology anthropology and political science to raise a host of challenging questions How do parliament buildings give physical form to norms and practices to behaviours rituals identities and imaginaries How are their spatial forms influenced by the political cultures they accommodate What kinds of histories politics and morphologies do the diverse European parliaments share and how do their political trajectories intersect This volume offers an eclectic exploration of the complex nexus between architecture and politics in Europe Including contributions from architects who have designed or remodelled four parliament buildings in Europe it provides the first comparative multi disciplinary study of parliament buildings across Europe and across history Praise for Parliament Buildings In its totality this is an invaluable book both as a comprehensive review of the wider implications of architecture and building in culture and society and as a specific resource in the understanding of one highly specialised but profoundly significant building type Dean Hawkes Cardiff University and University of Cambridge Symbols of history and of hope theatres of struggle cradles of consensus parliamentary buildings as these diverse essays show both reflect our democracies and can help them function better David Anderson House of Lords Parliament Buildings is a brilliant interdisciplinary exploration of a fascinating topic Theoretically sophisticated empirically rich and historically informed it demonstrates the multiple ways in which politics and the built environment intersect and sheds light on the symbolic and material practices central to contemporary representative politics Duncan Bell University of Cambridge
