BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Multicultural Questions* Christian Joppke,Steven Lukes,1999-10-07 This volume assembles leading scholars from a range of disciplines to debate multiculturalism in theory and practice The volume is grouped around four central questions raised by multiculturalism Is universalism ethnocentric Does multiculturalism threaten citizenship Do minorities require group rights and what can Europe learn from North America The book aims to answer these questions by moving the debate about multicultural questions into a more consensual mode The authors show a resistance to either endorsing or rejecting multiculturalism but a preference for dissecting and differentiating the concrete historical and geographical contexts in which specified versions of multiculturalism make sense and others in which they do not *Thomas Hardy* Collectif,2010-12-02 Ce livre qui est une s lection des communications faites au colloque Thomas Hardy organis Lyon les 22 23 octobre 2010 par l Universit Lumi re Lyon 2 et l ENS LSH propose des analyses de Far from the Madding Crowd r parties en quatre th mes principaux Apr s une tude sur le silence le silence nigmatique du non dit du secret de l inavou de ces trous dans le texte qui ouvrent un espace pour l interpr tation ou le silence de l indicible le livre s int resse la dimensionn visuelle tant dans l univers di g tique que dans le cadre d une adaptation t l visuelle *The New York Times Magazine* ,1987 **French books in print, anglais** Electre,2002 *Abitare* ,2008 **Library Literature** H.W. Detour Stories Hermann Hesse, Hermann Hesse s 1912 collection *Umwege* which translates to *Detour Stories* in English comprises five distinct short stories *Ladidel Die Heimkehr* translated as *The Homecoming* *Der Weltverbesserer* translated as *The World Improver* *Emil Kolb* title retained in English and *Pater Matthias* translated as *Father Matthias* This collection of experimental narratives employs fragmented structures to mirror the circuitous paths of self discovery Characters abandon linear trajectories for meandering quests their journeys reflecting Hesse s growing skepticism toward teleological progress The title story s protagonist a disillusioned academic finds meaning not in scholarly pursuit but in the act of wandering itself *Umwege* represents Hesse s formal and philosophical rupture with 19th century narrative conventions Its rejection of climactic resolution in favor of open ended becoming aligns with Bergson s theories of *durée* while its stylistic irregularity anticipates high modernist fragmentation The work s emphasis on process over achievement moves towards Hesse s evolving belief in life as an iterative non teleological project with the only goal being Wholeness or integration as in Jungian Psychology This collection of stories and sketches published by S Fischer in Berlin presents characters who do not take the straight path in life but instead find themselves on winding journeys literally or metaphorically that lead to unexpected destinations The title *Umwege* itself is a telling choice it suggests that sometimes one must stray from the direct course to discover deeper truths In the context of Hesse s life 1912 was a year of subtle transition He was increasingly restless in Gaienhofen and the following year he would embark on a long trip to Asia *Detour Stories* can be seen as a prelude to that shift as if the author s mind was already wandering down detours of imagination and place The collection might include for example tales of travelers who leave home and encounter transformative experiences or individuals who temporarily escape their routine and see their world with new eyes Published a couple of years before the outbreak of World War I *Umwege* didn t make a loud splash but was appreciated by Hesse s readers for its craftsmanship and reflective tone It has rarely been translated as a unit however the concept of detours as meaningful in Hesse s work resonates in many of his later more famous writings one thinks of the winding spiritual journey of Siddhartha for instance as an ultimate detour from an expected path These rarely translated works show another side of Hesse not the mystic sage of later novels but a man alive to his changing times finding beauty and truth in new machines while still asking what they might mean for the human spirit For readers familiar only with Hesse s major fiction these flight

writings open fresh views of his evolving thought during a key period before his best known works took shape
