Friedrich Wilhelm Nietzsche

Deviens Qui Tu Es

Clemens Wendtner

Deviens Qui Tu Es:

On the Blissful Islands with Nietzsche & Jung Paul Bishop, 2016-11-03 What are the blissful islands And where are they This book takes as its starting point the chapter called On the Blissful Islands in Part Two of Nietzsche's Thus Spoke Zarathustra and its enigmatic conclusion The beauty of the Superman came to me as a shadow From this remarkable and powerful passage it disengages the Nietzschean idea of the Superman and the Jungian notion of the shadow moving these concepts into a new interdisciplinary direction In particular On the Blissful Islands seeks to develop the kind of interpretative approach that Jung himself employed Its chief topics are classical the motif of the blissful islands psychological the shadow and philosophical the *bermensch* or superman blended together to produce a rich intellectual historical discussion By bringing context and depth to a nexus of highly problematic concepts it offers something new to the specialist and the general reader alike So this book considers the significance of the statue in the culture of antiquity and in alchemy and investigates the associated notion of self sculpting as a form of existential exercise This Neoplatonic theme is pursued in relation to a poem by Schiller at the centre of which lies the notion of self sculpting thus highlighting Nietzsche's and Jung's relationship to Idealism Its conclusion directly addresses the vexed and controversial question of Nietzsche's relation to Plato This book's main ambition is to provide a cross cultural interdisciplinary reading of key themes and motifs using Jungian ideas in general and Jung's vast seminar on Zarathustra in particular to uncover a dimension of deep meaning in key passages in Nietzsche Engaging the reader directly on major existential questions it aims to be an original thought provoking contribution to the history of ideas and to show that Zarathustra was right There still are blissful islands This book will be stimulating reading for analytical psychologists including those in training and academics and scholars of Jungian studies Nietzsche and the history of ideas *Des morales* Eric Volant, 1985 **Le Séminaire - Que signifie "changer le monde ?"** Alain Badiou, 2017-04-26 Ce séminaire part d'un lieu commun l'expression changer le monde qui a largement enchanté les deux siècles précédents Dans nos contrées dites occidentales riches mais en crise démocratiques mais rongées par le virus identitaire l'expression changer le monde a un double statut D'un côté pour autant qu'elle a désigné un vouloir révolutionnaire elle est tenue pour le nom propre d'une utopie criminelle D'un autre côté cependant on nous enseigne qu'à tout instant le monde change une vitesse extraordinaire que nous sommes toujours en retard sur ce changement et que des incessantes formes doivent plier les sujets y consentir On ne peut qu'en conclure que dans cette affaire changer est un verbe ambigu Si tout change y compris les acteurs témoins et victimes dudit changement rien ne peut attester le changement Si en revanche il existe un repère fixe un invariant relatif d'où prendre mesure du changement comme changement réel quel est le statut de cet invariant Il faut reprendre entièrement la question du changement réel au-delà de l'antinomie rupture totale ou continuité d'une incessante innovation Le problème est celui du lieu subjectif d'où l'on peut concevoir dans une subtile dynamique de l'immanence et du retrait ce qui est un changement orienté A B **Ouvrage systématique: La Vérité humaine; un cours d'**
