cultural authority of the emerging middle class and to reinforce patriarchy by trivializing women's work. Resisting these stereotypes, Bilston reveals that suburban life offered ambitious women, especially writers, access to supportive communities and opportunities for literary and artistic experimentation as well as professional advancement. Bilston interprets both familiar figures, sensation novelist Mary Elizabeth Braddon and less well-known writers including interior design journalist Jane Ellen Panton and garden writer Jane Loudon, to reveal how women and society at large navigated a fast-growing, rapidly changing landscape. Far from being a cultural dead end, the new suburbs promised women access to the exciting opportunities of modernity.
