Business Baby Alex Beckerman, 2015-06-02 Little tykes may not have MBAs or PowerPoint skills but every parent knows who's boss And it's not the one who can count to three It's only natural the toddler skill set is perfectly suited to the corporate world They're incredibly good at delegating they're literally climbers and they'll happily give you the business all day long From troubleshooting how to fit the square peg into the round hole to negotiating deals when both parties can't count on the fingers of one hand this book of high chairperson drama will have you laughing out loud at these captioned portraits of business babies getting to work
