These are the type of questions that have appeared on my exams in the past. Note that I am making **no** suggestion or warranty that any of these actual questions, or similar questions, will (or will not) appear on the actual exam. These are merely offered to you to see what my test questions *look like*, that is, the *form* of the questions, **not** as a hint or guide to what topics you should study (notice there are questions relating to material we have not yet covered – you are of course not responsible for those questions). In other words, you are responsible for all the material covered, not just the topics below. The answers are at the end. If you don't understand a certain answer, please check the book or your notes before e-mailing me.
