Boko Haram Yas Niger, 2014-12-05 Boko Haram translates into Western education is forbidden a clarion call that forbids Western values It is the insurgency across northern Nigeria with political bombs in Islamic shells establishing Islamic values by expunging Western ones It likens this mysterious young vengeful quest to fight a perception of God's war deny itself the fair chance to live according to values it holds dearly Every one is potentially a writer because they make up some sort of story in their minds Respective stories vary from factual to fictional People tell it or write it share it or not but everyone wants to be heard making sense of their deductions of the life they observe and live trade or share The most idealistic writers are quite assertive and would want to have the last word They rebel against other assertive ideals that conflict with theirs and seek to establish their values by force The most aggression comes off the most conservative extremists Boko Haram became the identity of the Nigerian variation of militant Islam long after it had taken root the world over Their campaign of terror is construed to be barbaric idiocy to all who aspire civility As the sect marked their brand of insurgency across most of northern Nigeria with emerging political bombs in Islamic shells they sought to establish Islamic values in the country by forcibly expunging Western values Boko Haram translates into Western education is forbidden but in practice the clarion call has always been Western values are forbidden Deservedly or not each individual feels they have earned a say and it is usually just enough to voice it But these extremists must have their say at all costs Since it is in the nature of people to have more of what they most desire these extremists naturally do not stop at just having their say they must also impose it regardless that every single person must have their own say too In his quest to fight his perception of God's war a mysterious keeper of an elite community Mosque denies himself his own natural ability to live according to the values he holds dear By embarking on crusades across humanity to end the excesses of cultures they abhors Militants simultaneously deny their own values the opportunity to exhibit their laudable essence In effect they torture themselves without the decency of living even the simple sacred lives they deserve

Aisha the Hunter who moves stealthily into the forest taking out Boko Haram with her faithful followers and Mama Boko Haram an Igbo woman who knows the fighters and those haunted by their experiences and fights to empty the forests of fighters and captives alike This is raw honest and heartbreaking storytelling at its best **The News** ,2009-06 **Arts and Social Sciences International Research Journal** ,2009 **Boko Haram and International Law** John-Mark Iyi,Hennie Strydom,2018-06-27 This book focuses on Boko Haram and terrorism in Nigeria framing the conflict in an international law context It analyses the nature of political violence and the dominant roles of a violent nation state in both colonial and post colonial experiences and the rise of terrorism in Nigeria The book unearths embedded evidence of religious nepotism on the part of state officials using such state institutions as Islamic Preaching Boards to promote one Islamic sect over another in mainly Muslim Northern Nigeria The book offers insights into this subtle sectarian divide and how this and other subterranean elements have contributed to the rise of Boko Haram in Northern Nigeria beyond the dominant poverty terrorism nexus narrative Furthermore the book analyses the various components of Boko Haram s radical ideology situates them in Islamic Jurisprudence and examines the philosophy of the group both in doctrine and practice their interpretation of the Koran and the waging of Jihad and the extent to which they conform to the Islamic Sect Boko Haram claims to follow The book then examines the basic doctrinal features and characteristics of Boko Haram waging Jihad prohibiting revealing dresses for women and mixing of genders rejecting western values and institutions denouncing scientific inquiry and democracy hostage taking sexual exploitation of captives and other aspects of jus ad bellum and jus in bello in Islamic jurisprudence and international law Finally the book analyses the plight of vulnerable groups such as internally displaced persons the atrocities committed against women and girls in the Boko Haram insurgency and the inability of international law to enforce the protections offered to the victims From the perspective of critical intellectual inquiry the book also challenges a number of fundamental assumptions and encourages us to revisit our legal characterisation of certain concepts such as gender based crimes It then goes further to analyse some legal grey areas in the Boko Haram insurgency such as the legal status of the Civilian Joint Task Force CJTF and the legal framework for holding members accountable for violations of international human rights and humanitarian law Overall the book represents a valuable contribution to scholarship deepens our understanding and delineates how international law could respond to the Boko Haram insurgency in Nigeria in particular and terrorism in Africa in general **Socio-Economic Effects of Boko Haram Operations in Nigeria** Bright Ndimele,2020-09-02 Bachelor Thesis from the year 2018 in the subject Politics Region Africa grade 4 7 5 University of Ibadan language English abstract The Nigerian State since 2009 has been under the throes of the deadly terrorist operations of the Islamic sect formally known as JamaatuAhlis Sunna Liddaawati Wal Jihad This sect famously dubbed Boko Haram meaning western civilization education is forbidden claims to be on a mission to Islamize the Nigerian State Prima facie Boko Harams motivations appeared to be religious however considering factors as dismal socio economic conditions that prevail in the

Northern region the epicenter of the sect a religious explanation alone is reductive More so relevant and related literature was reviewed using conceptual and theoretical approaches A threefold theoretical framework constituting of Marxian Relative deprivation and Frustration aggression respectively were adopted to explain the phenomenon Unlike other authors who have hinged the operations of the sect to a kind of political undertone this study deems fit to establish the poor socio economic conditions especially in the North eastern region which have been serving as a veritable ground for the sect quest to gradually dethrone the legitimacy of the Nigerian State This study also exposes the extent of the damage further caused by the sect violent operations as well as the suitability of the carrot and stick strategies or policies in dealing with the sect negative impact Hence this study employs secondary source of data from library materials newspapers journals articles and so on The findings revealed that the strategies of Nigerian government failed because she failed to address adequately the socio economic factors that equipped the sect such as unemployment poverty corruption bad leadership poor economy structure The research further exposed that the strategy used in curtailing militancy in the Niger Delta region of Nigeria failed to tackle terrorism in the North Eastern part of the country which can be regarded as the nerve of the sect because of the international affiliation and its religious connotation to terrorism **Understanding Boko Haram** James J.

Hentz,Hussein Solomon,2017-05-08 The primary objective of this book is to understand the nature of the Boko Haram insurgency in northeast Nigeria Boko Haram s goal of an Islamic Caliphate starting in the Borno State in the North East that will eventually cover the areas of the former Kanem Borno Empire is a rejection of the modern state system forced on it by the West The central theme of this volume examines the relationship between the failure of the state building project in Nigeria and the outbreak and nature of insurgency At the heart of the Boko Haram phenomenon is a country racked with cleavages making it hard for Nigeria to cohere as a modern state Part I introduces this theme and places the Boko Haram insurgency in a historical context There are however multiple cleavages in Nigeria ethnic regional cultural and religious and Part II examines the different state society dynamics fuelling the conflict Political grievances are common to every society however what gives Boko Haram the space to express such grievances through violence Importantly this volume demonstrates that the insurgency is in fact a reflection of the hollowness within Nigeria s overall security Part III looks at the responses to Boko Haram by Nigeria neighbouring states and external actors For Western actors Boko Haram is seen as part of the global war on terror and the fact that it has pledged allegiance to ISIS encourages this framing However as the chapters here discuss this is an over simplification of Boko Haram and the West needs to address the multiple dimension of Boko Haram This book will be of much interest to students of terrorism and political violence insurgencies African politics war and conflict studies and IR in general
