Octateuch: The Original Orit Scriptural Research Institute, 2020-08-31 In the mid 3 century BC King Ptolemy II Philadelphus of Egypt ordered a translation of the ancient Hebrew scriptures for the Library of Alexandria which resulted in the creation of the Septuagint The original version published circa 250 BC only included the Torah or in Greek terms the Pentateuch The Torah is the five books traditionally credited to Moses circa 1500 BC Cosmic Genesis Exodus Leviticus Numbers and Deuteronomy The first edition was followed by the second around 225 BC which added the books of Joshua Judges and Ruth which was later known as the Octateuch This version of the Septuagint was later carried south into the Kingdom of Kush by the Jews fleeing Egypt in 200 BC when Judea was in revolt and the Ptolemys attempted to exterminate the Jews in Egypt The Octateuch later became the Torah of the Beta Israel community in Sudan and Ethiopia known as the Orit A number of stories exist to explain the origin of the Beta Israel community the Ethiopian Jews indigenous to Ethiopia Eritrea and Sudan The recorded story of the origin of the Ethiopian Jews was reported by Eldad ha Dani in the late 800s AD Eldad ha Dani was a dark skinned Jew from a country south of Kush modern northern Sudan who was captured by pagan Ethiopians and ultimately sold on the coast of what might be modern Kenya or Tanzania to a Jew from the Parthian Empire who took him back to modern Iran He later traveled through the Middle East and the Mediterranean Sea He claimed that he was from a country of Jews south of Kush who were the descendants of the tribes of Dan Gad Naphtali and Asher who had left Israel during the civil war that split the Kingdom into Judea and Samaria Modern secular scholars doubt there was a united kingdom of Israel however if the civil war did happen it would have happened in 922 BC when Jeroboam I and Rehoboam split the kingdom of Solomon If true this would make the Ethiopian Jews neither Jews nor Samaritans but a third branch of the Judeo Samaritan religions and arguably older than the others The Christian text Kebra Nagast claims that Judaism entered into Ethiopia slightly earlier when the Ethiopian Queen of Sheba traveled to Israel and was impregnated by King Solomon Her son Menelik I led a group of Jews to Ethiopia when he stole the Ark of the Covenant Other than the Ethiopian Orthodox Christians few consider the Kebra Nagast historically valid Some members of the Beta Israel community claim the Ethiopian Jews were originally members of the Jewish tribes led by Moses that chose not to enter into Canaan with Joshua and instead traveled south and settled in the land of Moses Ethiopian wife mentioned in Numbers chapter 12 A third story of the origin of the Ethiopian Jews took place shortly after the Greeks had taken control over Egypt and Judea when King Ptolemy I resettled Judeans in southern Nubia This would have taken place between 305 and 282 BC and later the Jews migrated south for various reasons However they ended up in Ethiopia they have traditionally used a variation of the Octateuch which they call the Orit The Octateuch is documented as being the version of the Septuagint that was published

around 225 BC Like the Ethiopian Christian Bible the Orit appears to have had sections updated from Hebrew and Arabic sources over the past two thousand years Octateuch The Original Orit is a 21st century translation aimed at restoring the original Orit The Five Minute Bible BookCaps Study Guides Staff,2012-10-17 Courts and Lawyers of Pennsylvania Frank Marshall Eastman,1922 Young's Literal Translation of the Bible Young, Robert,2014-06-14 Young s Literal Translation of the Bible is as the name implies a strictly literal translation of the Hebrew and Greek texts from the Textus Receptus and Majority Text Compiled by Robert Young in 1862 he went on to produce a revised version in 1887 based on the Westcott Hort text which had been completed in 1885 Young died on October 14 1888 and the publisher released a New Revised Edition in 1898 Young used the present tense in many places where other translations used the past tense particularly in narratives The Preface to the Second Edition states If a translation gives a present tense when the original gives a past or a past when it has a present a perfect for a future or a future for a perfect an a for a the or a the for an a an imperative for a subjunctive or a subjunctive for an imperative a verb for a noun or a noun for a verb it is clear that verbal inspiration is as much overlooked as if it had no existence THE WORD OF GOD IS MADE VOID BY THE TRADITIONS OF MEN Emphasis in original For example the YLT version of Genesis begins as follows 1 In the beginning of God s preparing the heavens and the earth 2 The earth hath existed waste and void and darkness on the face of the deep and the Spirit of God fluttering on the face of the waters 3 And God saith Let light be and light is 4 And God seeth the light that it is good and God separateth between the light and the darkness 5 And God alled to the light Day and to the darkness He hath called Night and there is an evening and there is a morning day one Young s Literal Translation in the 1898 Edition also consistently renders the Hebrew Tetragrammaton the four Hebrew letters usually transliterated YHWH or JHVH that form a biblical proper name of God throughout the Old Covenant Testament as Jehovah instead of the traditional practice of LORD in small capitals which was used in editions prior to 1898 Young s usage of English present tense rather than past tense has been supported by scholars ranging from the medieval Jewish rabbi Rashi who advised If you are going to interpret this passage in its plain sense interpret it thus At the beginning of the creation of heaven and earth when the earth was or the earth being unformed and void God said Let there be light to Richard Elliott Friedman in his translation of the Five Books in The Bible with Sources Revealed 2002 There is a linked Table of Contents for each book and chapter **Political Reorientation of Japan, September 1945 to September 1948** Supreme Commander for the Allied Powers. Government Section,1949 **The Commentary of Abraham Ibn Ezra on the Pentateuch: Leviticus** Abraham ben Meïr Ibn Ezra,1986 Poet Biblical commentator grammarian astronomer mathematician Abraham ibn Ezra was one of the most remarkable men of his time and one of the relatively few whose works have become the heritage of all those who wish to understand the Hebrew Bible properly Ibn Ezra combined a passion for the plain sense of the verse with a reverence for the Rabbis as transmitters of reliable tradition His most widely used works are his commentaries on the Torah which are admired for their depth and

penetration into the mysteries of the Hebrew language the text of the Torah and the meaning of the mitzvot Because of their many faceted character and elusive language his commentaries are often difficult to understand in their original Hebrew and have thus inspired many super commentaries Here for the first time is an English translation of ibn Ezra s commentary on the Book of Leviticus and the Book of Deuteronomy based on those super commentaries in a style which is both faithful to the original and yet enables those who wish to fathom his meaning to do so An English rendering of Leviticus and Deuteronomy appears at the top of each page the bottom of each page contains the translation of ibn Ezra s commentary This volume includes and Appendix of astronomical units and indices of Biblical and Talmudic references      **Selected Chapters of the**
