Representing the Crusades Sandra Gorgievski, 2023-09-11

How are the Crusades portrayed in popular culture today? Have the medieval images of chivalric and military heroes survived the eras of Orientalism and decolonization? The first of its kind, this comparative study examines representations of the Crusades in both European and Arab medieval texts and in 20th and 21st century transmedia recreations. It follows the cartography and illuminated manuscripts of the Middle Ages through modern hybridized narratives in novels, film, comics, and gaming. The shifting literary tastes, political agendas, and cultural exchanges of audiences on both sides of the Mediterranean reflect their anxieties and ideals.
