## **Christian Voters Guide California:**

**Congressional Record** United States. Congress,1998 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873

*Immigration* Susanne Jonas,Suzanne Dod Thomas,1999 Intended to fill a gap in the literature on immigration this work provides a variety of perspectives among those who agree that immigrants have rights but may differ in how to assert those rights The contributions challenge the historic and ongoing struggle of migrants rights

**The Christian Right in American Politics** John C. Green,Mark J. Rozell,Clyde Wilcox,2003-05-06 From the first rumblings of the Moral Majority over twenty years ago the Christian Right has been marshalling its forces and maneuvering its troops in an effort to re shape the landscape of American politics It has fascinated social scientists and journalists as the first right wing social movement in postwar America to achieve significant political and popular support and it has repeatedly defied those who would step up to write its obituary In 2000 while many touted the demise of the Christian Coalition the broader undercurrents of the movement were instrumental in helping George W Bush win the GOP nomination and the White House Bush repaid that swell of support by choosing Senator John Ashcroft once the movement s favored presidential candidate as attorney general The Christian Right in American Politics under the direction of three of the nation s leading scholars in the field of religion and politics recognizing the movement as a force still to be reckoned with undertakes the important task of making an historical analysis of the Christian Right in state politics during its heyday 1980 to the millennium Its twelve chapters written by outstanding scholars review the impact and influence of the Christian Right in those states where it has had its most significant presence South Carolina Virginia Texas Florida Michigan Iowa Kansas Minnesota Colorado California Maine and Oregon and Washington Since 1980 scholars have learned a good deal about the social characteristics religious doctrine and political beliefs of activists in and supporters of the Christian Right in these states and each contribution is based on rigorous dispassionate scholarship The writers explore the gains and losses of the movement as it attempts to re shape political landscapes More precisely they provide in depth descriptions of the resources organizations and the group ecologies in which the Christian Right operates the distinct elements that drove the movement forward As the editors state the Christian Right has been engaged in a long and torturous march toward the millennium from outsider status into the thick of American politics Those formative years 1980 2000 are essential for any understanding of this uniquely American social movement This rigorous analysis over many states and many elections provides the clearest picture yet of the goals tactics and hopes of the Christian Right in America

**Prayers in the Precincts** John C. Green,Mark J. Rozell,Clyde Wilcox,2000-04-04 In the wake of the Clinton Lewinsky scandal the Christian Right expected major victories in the 1998 elections Instead many of its allies

lost close contests and the movement was seen as a liability in some high profile campaigns In the only in depth study of the Christian Right s role in these races leading scholars analyze the role of the movement in fourteen key states from Maine to California and address speculations that the movement is fading from the American political scene The book focuses on elections on the state and local levels where the Christian Right is most influential and it describes the movement s niche in some detail Although each campaign described in the book had its unique characteristics the editors have drawn some broad conclusions about the 1998 elections While the movement was weak in the areas of candidate recruitment and fundraising they say the outcome may have also been related to external factors including a broader turnout of typically Democratic constituencies and the country s boredom with the scandal that conservatives had made the centerpiece of their campaign Despite the setbacks of 1998 the contributors argue the Christian Right continues to have an enormous influence on the political dialogue of the country Written from an unbiased nonpartisan perspective this volume sheds light on a topic that is too frequently mired in controversy

**A Field Guide to the Culture Wars** Michael McGough, 2008-12-23 Like any realignment in politics the Democratic takeover of Congress in the 2006 midterm elections inspired a raft of instant analyses One take on the results that is surely wrong is that the change in control of Congress and the spike in Democratic hopes for the 2008 presidential race mark an end to the culture wars that conventional wisdom blamed or credited for George W Bush s re election in 2004 This book sets the stage for a new consideration of the contemporary culture wars by examining their antecedents from the Scopes trial to Prohibition to the controversy over the Supreme Court s desegregation and school prayer rulings to loyalty oath battles of the 1950s to the pre Roe v Wade campaign to liberalize abortion laws Even during times of supposed conformism Americans have been presented with competing claims about what sort of culture this is and how and to what extent government should reflect and police values The author covers such topics as same sex marriage stem cell research intelligent design and other hot button issues that are debated not just between the religious and secular but more and more among the ranks of the religious themselves where a religious left has emerged to counter arguments from the religious right Anyone interested in the intersection of religion and politics in the rise of the so called moral majority and in the current state of affairs with regard to values and public life in America will gain a better understanding from reading this book

**Social Justice** ,1996 *The Debate Over Christian Reconstruction* Gary DeMar, 1988 *Guide to the American Right* ,1997

**God at the Grass Roots, 1996** Mark J. Rozell, Clyde Wilcox, 1997 God at the Grass Roots 1996 is composed of entirely new and original essays that analyze the impact of the Christian Right in the 1996 national state and local elections The nation s leading scholars of religion and politics identify and illuminate numerous trends that have dramatically evolved since the landmark elections of 1994 More than simply a revised version of the popular God at the Grass Roots this fundamentally new edition examines the Christian Right s nationwide influence and the essays arrive at starkly different conclusions about America s most organized and observed political interest group This text will complement all

courses on parties and elections and religion and politics      **The God Strategy** David Domke, Kevin Coe, 2007-12-07 This volume offers a timely and dynamic study of the rise of religion in American politics examining the public messages of political leaders over the past seventy five years The authors show that U S politics today is defined by a calculated deliberate and partisan use of faith that is unprecedented in modern politics Beginning with the election of Ronald Reagan in 1980 America has seen a no holds barred religious politics that seeks to attract voters identify and attack enemies and solidify power Domke and Coe identify a set of religious signals sent by both Republicans and Democrats in speeches party platforms proclamations visits to audiences of faith and even celebrations of Christmas The updated edition of this ground breaking book includes a new preface an updated analysis of the last Bush administration as well as a new final chapter on the Jeremiah Wright controversy the candidacies of Mike Huckabee and Sarah Palin and Barack Obama s victory      **The Real Story Behind Paycheck Protection** ,1998      Congressional Quarterly Weekly Report ,1998      **The Christian Advocate** ,1914      Campaign Reform Task Force on Campaign Reform,1998      *Vote Smart Web Yellowpages* ,1997 One stop shopping for political information on the World Wide Web      *CQ Weekly Report* ,1998      **The Religious Right and the 1994 Election** ,199?      The Right Guide Derk Arend Wilcox,1997      **West's Federal Supplement** ,1999 Cases decided in the United States district courts United States Court of International Trade and rulings of the Judicial Panel on Multidistrict Litigation      **Covertaction Quarterly** ,1992
