performances of medieval material and how it can be adapted for later times and sensibilities Investigation of an almost unknown 1924 London performance of a fifteenth century French nativity play reveals much about early twentieth century views of medieval drama Meanwhile the 2023 coronation of King Charles III prompts an analysis of a spectacular ceremony balanced between asserting its medieval origins and demonstrating its modern relevance Finally a review of a story telling performance assesses how the problematic material of The Seven Sages of Rome might be addressed to modern audiences and preoccupations
