WHO Recommendations on Intrapartum Care for a Positive Childbirth Experience World Health Organization,2018 This up to date comprehensive and consolidated guideline on essential intrapartum care brings together new and existing WHO recommendations that when delivered as a package will ensure good quality and evidence based care irrespective of the setting or level of health care The recommendations presented in this guideline are neither country nor region specific and acknowledge the variations that exist globally as to the level of available health services within and between countries The guideline highlights the importance of woman centered care to optimize the experience of labor and childbirth for women and their babies through a holistic human rights based approach It introduces a global model of intrapartum care which

takes into account the complexity and diverse nature of prevailing models of care and contemporary practice The recommendations in this guideline are intended to inform the development of relevant national and local level health policies and clinical protocols Therefore the target audience includes national and local public health policy makers implementers and managers of maternal and child health programs health care facility managers nongovernmental organizations NGOs professional societies involved in the planning and management of maternal and child health services health care professionals including nurses midwives general medical practitioners and obstetricians and academic staff involved in training health care professionals

Who Will Throw the Ball? Ida H. Love Ph.D.,2015-11-06 School leadership is the difference maker in achieving high expectations for all students by involving all staff parents community and business partnerships Everyone employed in the school has an important role in promoting high student achievement The principal is the leader and is ultimately responsible for everything but does not need to do or know everything Organization early learning professional learning implementation follow up and feedback are critical components in building an effective school The principal needs a strong leadership team and a very smart dependable and knowledgeable secretary administrative assistant to give leadership to the front office Any principal without anyone other than the best in this position has a setup for failure because the major part of the job is in the classroom for the leader and not the office Early learning is the foundation for all future learning and beginning in pre k and kindergarten educators can set the tone for student success All children can learn to read by the end of kindergarten by utilizing the services of paraprofessionals who have received professional learning skills to reinforce instruction previously taught by the teacher Why do we have some students in middle and high schools who cant read The answer is obviousthe foundation was not set in the early years Try building a house without a foundation and you will find yourself spending twice the amount of time and money doing what should have been done in the first place Many times when students have not been adequately prepared to enter secondary schools they no longer have the will and motivation to learn and this is tragic because dropout is usually the only option Students need social emotional and other developmental skills in the early years but it is time to emphasize instructional skills also starting with writing reading listening to daily storytelling and daily high frequency words We cant afford to continue moving students from grade to grade and they cannot read
