Executive summary

The goal of this website is to teach first-time authors how to self-publish an eBook on Amazon. As an independent author myself, I've found that many people I've talked to have expressed interest in publishing a book but they're not sure where to start. Today it's easier than it's ever been to publish something, and everyone has the opportunity to put their work out in the world.

This website is targeted towards first-time authors. I want to help teach you why self-publishing is valuable and how you can take their manuscript and turn it into an eBook to be sold in the Kindle store.

This website includes a brief overview of self-publishing, answers to frequently asked questions about self-publishing, and a detailed breakdown of how to self-publish your book on Amazon including a video walkthrough.

Moodle 2 for Teaching 7-14 Year Olds Beginner's Guide Mary Cooch, 2012-01-01 This book is part of Packt's Beginner's Guide series. Written in a friendly tone, the book starts at the very beginning with a blank Moodle page and you are taken step by step through the most useful features of Moodle, helped with many illustrative screenshots. This book is for regular non-technical teachers of pre-teen or early teenage children. It assumes no prior knowledge of Moodle and no particular expertise on the web. Classroom assistants may also find this book a very useful resource. We will assume that you have an installation of Moodle managed by somebody else, so you are responsible only for creating and delivering course content.

The Quick-Start Beginner's Guide to the Bible J. Stephen Lang, 2007-03-01 From the author of the bestselling Complete Book of Bible Trivia, over 700,000 copies sold, comes this instant reference guide to God's Word. This is the perfect foundational book for anyone who wants to learn about the Bible, its books, and the wonderful treasures within. Not everyone knows what the Bible is, why it was written, how chapter and verse numbers work, and why we even read it today. In this helpful guide, author Stephen J. Lang answers many key questions, including: What are the books in the Bible named for? Why are there two testaments? Why are there so many versions? What do the chapter and verse numbers mean? Is the Bible the only holy book? This is an ideal resource for anyone who has never used the Bible before, as well as for new believers. It will give them a running start on getting to know the God who loves them and understanding the written Word He has given them.
