

At Your Book Club 4 Kids:

Discuss the book. What did everyone think of the story? Why? Remember, always encourage book club members to support their thoughts/feelings about the book with evidence. We want to build articulate readers and speakers who can explain why they liked or disliked a book.

Specific questions to ask:

- The author uses a lot of descriptive language in this book. For example, at the bottom of page 10 it says "Tap-tap-tap. Tattle-Tattle" to mimic water dripping. Do you know what this literary effect is called? An onomatopoeia is a word that sounds like the sound it makes in real life, like zoom, zap or whoosh. Can you think of other examples? Have you ever used it in your own writing?
- In Chapter 3, titled *Wrestle*, Warm admits he will never be the fastest or the biggest in his pack. Do you think he is admitting defeat or being realistic about his strengths? Can you relate to this with your family and siblings? Or your friends? Are some people or animals just born innately better or with certain physical traits that work to their advantage in certain areas? How would you describe Warm's self-esteem early in the book? After the Ice Wolves came and dispersed his pack? When he's responsible for the pups? How does he evolve throughout the book?
- At times it is as if the author is speaking in code. What do you think the below translates to:
 - P. 40 "She and Father dash off to wet mark the boundary of our home ground." In response to another wolf pack approaching. (Peeing to mark their territory.)
 - P. 49 "The long sleep will come for me soon" in reference to growl sleeping more. (dying)
 - P. 79 "I need to strike at the neck, but the head-sticks are blocking me." Warm is trying to hunt. ("Head sticks" are antlers or horns.)
 - P. 117-118 "Sometimes they (men) get into a noisemaker and travel as fast as the wind." (Noisemaker is a car.)
- How do you think Warm feels when he and the pups are on the mountain and no other pack members show up? (Defeated & scared)
- When Warm is hiding in the blowdown surrounded by the Ice Wolves, what did you think would happen?
- How are Warm and Snow's packs different? (Warm's pack, the Mountain Pack although still a hierarchy, supports one another and shares. Conversely, Snow's pack, the Ice Pack, is more competitive, with each out for themselves.) Which pack would you want to be a part of?
- Why does Snow let Warm escape? (She likes him and felt for him.)
- The story has multiple scenes of hope followed by disappointment. One instance is when Warm reunites with Swift and thinks he'll feast. Ultimately, they get separated again, leaving Warm with an empty belly. How does this make you feel? Why do you think the author has so many ups and downs for the characters?

Book Club Guide To The Social Animal

Christian Drosten

Book Club Guide To The Social Animal:

Reader's Guide to the Social Sciences Jonathan Michie, 2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense
