Business is a Contact Sport Tom Richardson, Tom Gorman, Augusto Vidaurreta, 2002 [Communication in the Workplace](#) Baden Eunson, 2012-01-24 Communication in the Workplace is a revealing snapshot of how organisations really work. In workplaces throughout Australia and across the planet billions of messages are sent in various forms every day but not all of them get through. Of those that do many are misunderstood. Communication breakdown is just as common as communication effectiveness but it doesn't have to be that way. Become a more effective communicator by finding out how messages can be sent and distorted by differing channels including memos, emails, meetings, teleconferencing, instant messaging. Expert communicator Baden Eunson shares insights about the informal organisation, networking, how to know when messages are being lost due to cultures of silence, silos or empires and what to do about it and explains how knowledge management can help you get your message across.

Organisational Learning Roderick Smith, 2016-04-28 *Organizational Learning: An Integrated HR and Knowledge Management Perspective* draws on a broad and multi-disciplinary base to look at the origins and practice of organizational learning. It critically considers the nature of organizational knowledge as a social construct, pedagogical issues around learning as individuals, groups, teams and whole organisations and technological issues around the development of knowledge-based information systems. Supporting case studies are provided throughout the book and readers will also benefit from a companion website which expands on the key themes of the text. *Organizational Learning* will enable readers to develop and implement strategies for ensuring long-term access to the embedded knowledge and experience of an organization. This textbook will be invaluable reading for undergraduate and postgraduate students on organizational learning, HRM and knowledge management courses.
