The Application of Teachings by the International Court of Justice Sondre Torp Helmersen, 2021-03-04 How do the judges of the International Court of Justice the most authoritative court in international law use teachings when deciding cases This book is the first book length examination of how teachings are used in an important international institution It uses three different methodologies a traditional legal analysis an empirical analysis where citations of teachings are counted and interviews with judges and staff Three main patterns are identified teachings have generally low weight but this weight varies between different works and between different judges The book suggests explanations for the patterns it identifies in order to contribute to understanding not only when and how teachings are used but also why and compares the Court s practice with that of other international courts and
