Borrowed Time English Edition:

Kairós Giacomo Marramao, 2024-08-22 Shedding new light on the fundamental philosophical problem of time leading Italian philosopher Giacomo Marramao offers a solution to today's 24/7 culture. If we were asked to name the social syndrome of our age under capitalism, it would no doubt be rush. Intentional animals as we are, we experience the meaningless acceleration of time which devours instants and misses its target just like its opposite, undue hesitation. For Marramao, rush and slowness or rashness and hesitation are two mirror forms of untimeliness, two unsuitable ways of seizing time. Through engagement with sources including Heidegger, Bergson, Saint Paul, the Apostle, Newtonian physics, and postmodern theory, Marramao calls for a change to how we perceive time. Delving into the Greek and Roman concepts of *tempus*, *chronos*, and *ai*, he argues that there should be no opposition between the scientific objective time and the existential subjective one. As such, he introduces his own theory of *kairós*, or due time, as the notion of fertile and decisive timeliness. A timely decision, Marramao advances, is generated by the productive tension between opposites: a tension created equally by swiftness and caution, promptness and conformity with the action's purpose. Originally published in 1992, this updated edition of *Kairós: In Defence of Due Time* includes a new preface speaking to today's social and political climate, as well as an introduction by Marramao himself in which he reflects on his long engagement with temporality from Power and Secularization up until today.

Another Day's Begun Howard Sherman, 2021-01-14 A work of startling originality when it debuted in 1938, Thornton Wilder's *Our Town* evolved to be seen by some as a vintage slice of early 20th-century Americana rather than being fully appreciated for its complex and eternal themes and its deceptively simple form. This unique and timely book shines a light on the play's continued impact in the 21st century and makes a case for the healing powers of Wilder's text to a world confronting multiple crises. Through extensive interviews with more than 100 artists about their own experience of the play and its impact on them professionally and personally, and including background on the play's early years and its pervasiveness in American culture, *Another Day's Begun* shows why this particular work remains so important, essential, and beloved. Every production of *Our Town* has a story to tell beyond Wilder's own. One year after the tragedy of 9/11, Paul Newman in his final stage appearance played the Stage Manager in *Our Town* on Broadway. Director David Cromer's 2008 Chicago interpretation would play in five more cities, ultimately becoming New York's longest-running *Our Town* ever. In 2013, incarcerated men at Sing Sing Correctional Facility brought Grover's Corners inside a maximum security prison. After the 2017 arena bombing in Manchester, UK, the Royal Exchange Theatre chose *Our Town* as its offering to the stricken community. 80 years after it was written, more than 110 years after its actions take place, *Our Town* continues to assert itself as an essential play about how we must embrace and appreciate the value of life itself. *Another Day's Begun* explains how this American classic has the power to inspire, heal, and endure in the modern day, onstage and beyond.
