Cultural Transmission and Material Culture Miriam T. Stark, Brenda J. Bowser, Lee Horne, 2008-11-13 How and why people develop maintain and change cultural boundaries through time are central issues in the social and behavioral sciences in general and anthropological archaeology in particular What factors influence people to imitate or deviate from the behaviors of other group members How are social group boundaries produced perpetuated and altered by the cumulative outcome of these decisions Answering these questions is fundamental to understanding cultural persistence and change The chapters included in this stimulating multifaceted book

address these questions Working in several subdisciplines contributors report on research in the areas of cultural boundaries cultural transmission and the socially organized nature of learning Boundaries are found not only within and between the societies in these studies but also within and between the communities of scholars who study them To break down these boundaries this volume includes scholars who use multiple theoretical perspectives including practice theory and evolutionary traditions which are sometimes complementary and occasionally clashing Geographic coverage ranges from the indigenous Americas to Africa the Near East and South Asia and the time frame extends from the prehistoric or precontact to colonial periods and up to the ethnographic present Contributors include leading scholars from the United States Canada the United Kingdom and Europe Together they employ archaeological ethnographic ethnoarchaeological experimental and simulation data to link micro scale processes of cultural transmission to macro scale processes of social group boundary formation continuity and change Drug Eruption Reference Manual ,1998 **Commentaries on the Law of Negligence**
