## **Brazil And The Soviet Challenge 1911947:**

**Brazil and the Soviet Challenge, 1917-1947** Stanley E. Hilton, 1991-06-01 Between 1918 and 1961 Brazil and the USSR maintained formal diplomatic ties for only thirty one months at the end of World War II Yet despite the official distance the USSR is the only external actor whose behavior real or imagined influenced the structure of the Brazilian state in the twentieth century In *Brazil and the Soviet Challenge 1917 1947* Stanley Hilton provides the first analysis in any language of Brazilian policy toward the Soviet Union during this period Drawing on American British and German diplomatic archives and unprecedented access to official and private Brazilian records Hilton elucidates the connection between the Brazilian elite s perception of a communist threat and the creation of the authoritarian Estado Novo 1937 1945 the forerunner of the post 1964 national security state He shows how the 1935 communist revolt prepared by Comintern agents was a pivotal event in Brazilian history making prophets of conservative alarmists and generating irresistible pressure for an authoritarian government to contain the Soviet threat He details the Brazilian government s secret cooperation with the Gestapo during the 1930s and its concomitant efforts to forge an anti Soviet front in the Southern Cone And he uncovers an unexplored aspect of Brazil s national security policy namely the attempt to build counterintelligence capabilities not only within Brazil but also in neighboring countries While the history of the Brazilian communist movement has been extensively studied this is the first work to explore how images of the Soviet Union and its policies influenced the Brazilian foreign policy elite It will be important reading for all students of twentieth century political history
