Christianity Is Not Great How Faith Fails:

Christianity is Not Great Hector Avalos, 2014 In this new anthology critiquing Christianity John Loftus a former minister and now a leading atheist has brought together an outstanding group of respected scholars who focus on the harms caused by the world's leading religion The contributors begin by dissecting the many problematic aspects of religious faith generally They repeatedly demonstrate that with faith as a foundation almost anything can be believed or denied And almost any horrific deed can be committed The authors then take a good hard look at many of the most important political institutional scientific social and moral harms committed in the name of Christianity These range from the historical persecutions of the Inquisition and witch hunts to the current health hazards of faith healing Finally the authors answer three common Christian retorts to criticisms from nonbelievers 1 that atheists cannot judge a harmful action without an objective moral standard 2 that atheists need faith to solve the world's problems and 3 that atheists cannot live a good life without faith Loftus and the contributors generally conclude that given both the well documented historical record and ongoing problems raised by the faith Christianity decisively fails empirical tests of its usefulness to humanity **When Arguments**

Against the Christian God Fail Marius Lotz, 2014-03-26 This book is written for ordinary people with enquiring and skeptical minds about the Christian God The author defends the Christian faith apologetics by covering a wide spectrum of topics like the credibility and compatibility of the Bible with science the Big Bang evolution and the age of the earth Christianity is an intellectual logical religion and you can believe in God the creator and also accept that God caused the Big Bang to happen use evolution to create and although human beings may originate from the great apes they are unique and special once God made them into His image by putting his spiritual soul in them The individual today gets more than ever bombarded with attacks on Christianity by prominent atheists scientific discoveries different religions and philosophies The intellectual levels of individuals increases all the time and as knowledge increases often so does more questions arise even for believing Christians like why is there so much pain and suffering in the world Considering the limited time people have this book attempt to save time for busy individuals who cannot take a book or two out on every topic that bothers them Covering many controversial questions and arguments with counter arguments a strong case is being made that the arguments against the Christian God fail *Sermons on Some of the Trials, Duties, and Encouragements, of the Christian Life* Charles BRADLEY (Vicar of Glasbury.), 1853 **The Christian in Complete Armour** William Gurnall, 1862 A complete christian dictionary wherein the significations in the holy scriptures Thomas Wilson, 1661 **Students and the World-wide Expansion of Christianity** Student Volunteer Movement for Foreign Missions. International Convention, 1914

The Christian Workers Magazine, 1918 **A Complete Christian Dictionary** Thomas Wilson, 1678 Report of commission IV: The missionary message in relation to non-Christian religions, 1910 A Declaration of Christian Truth Randy Gingrich, 2022-11-21 Truth Repentance Glory Revival This book takes the reader on an adventure of intriguing

theological thought as it explores over fifty topics relevant to the Christian life The author s teaching is to the point yet comprehensive enough to answer a range of questions as it articulates the truth of God s Word The value of understanding the Bible blossoms in the beauty of God s glory as the wisdom of the Lord applies his truth to our everyday life A much needed systematic theology is established as doctrine is taught with originality in the power of the Holy Spirit with dynamic revelation It builds solid truth in a structural style and should resonate with any believer as prophetic personal and inspirational Theologically it is equivalent to a four year Bible College Biblical truth is taught to equip the Christian and minister with significant knowledge and wisdom on over fifty topics Many false beliefs and misconceptions are dealt with while God s Word is taught in clarity The book shares breakthrough insight on many subjects of the Bible that are hard to understand Also there is significant teaching on the born again experience the constitution of the Christian or who we are in Christ the baptism with the Holy Spirit authentic worship and much more This is a textbook for the Christian life Many will see it as a great source of sermons curriculum and position papers The titles of the forty four chapters should strike the interest of any God fearing truth loving Christian You will not be disappointed as the Holy Spirit articulates God s will sorts out ideas clears away confusion and builds solid beliefs and practice You will see a consistency of relationship The Bible is a unified masterpiece of truth it s all related Most chapters start fresh with new topics and developing themes There are studious sections that dig deep for the purpose of benefiting everyone with greater appreciation and knowledge of God s Word while attempting to satisfy the Bible College graduate There is much teaching today that has obscured the true meaning and application of Scripture placed a veil over the heart of believers and deprived Christians of its complete relevant impact upon them Therefore it was necessary to write a book which establishes a systematic theology based upon the full counsel of God Acts 20 27 without imposing agendas nor being controlled by any religious group Christian Work ,1895 *How to Defend the Christian Faith* John W. Loftus,Peter Boghossian,2015-11-01 The first book on Christian apologetics written by a leading atheist figure that teaches Christians the best and worst arguments for defending their faith against attack The Christian faith has been vigorously defended with a variety of philosophical historical and theological arguments but many of the arguments that worked in an earlier age no longer resonate in today s educated West Where has apologetics gone wrong What is the best response to the growing challenge presented by scientific discovery and naturalistic thought Unlike every work on Christian apologetics that has come before *How to Defend the Christian Faith* is the first one written by an atheist for Christians As a former Christian defender who is now a leading atheist thinker John Loftus answers these questions and more He shows readers why Christian apologists have failed to reach the intelligent nonbeliever and offers practical advice for Christians whether they want to better defend their faith against atheist arguments or actively convert more individuals to Christianity *Ford's Christian Repository* ,1883 **Homiletic Review** ,1914 *Olive Branch* ,1883 **Christian Advocate and Journal and Zion's Herald** ,1899 Continent ,1912 *Record of Christian Work*

Alexander McConnell, William Revell Moody, Arthur Percy Fitt, 1904 Includes music *The American Friend* ,1921 **The Student's Concordance to the Revised Version, 1881, of the New Testament of Our Lord and Saviour Jesus Christ** ,1882
