Witman,1998-10 A field tested pragmatic and resourceful guide to the daunting and logistically complex management of local church Pastors generally feel equipped to deal with biblical studies theological questions preaching responsibilities and pastoral care But when it comes to budgets insurance fire safety and church management many find themselves at a loss Often lay leaders within the congregation flounder with these tasks as well Here finally is the ultimate reference guide for the practical management of the parish Originally created as a sourcebook for the authors week long course on church management and administration at the Claremont School of Theology the manual in draft version has been field tested by hundreds of pastors and lay leaders Not simply a theoretical resource the Manual provides suggestions for almost every aspect of parish administration position descriptions various financial forms materials for stewardship and Christian education building use and safety issues employee record keeping and much more Whether pastors are just out of seminary or well seasoned in parish life the Manual is full of excellent guidelines tools and forms for improving the management of the parish *The E-Giving Guide for Every Church* Richard Rogers,2016-12-09 The purpose of this book is to help churches raise more money for ministry and mission by better using electronic media Although philanthropy in the US is growing churches continue to receive a declining portion of that philanthropy Part of the challenge is that America is becoming significantly less dependent on paper currency cash and checks yet the church continues to count on paper currency as their primary media for donations There have been warning signals for several years Many churches face shrinking budgets and membership and are beginning to ask the right questions The author s goal is to capture this teachable moment with a resource that will encourage pastors and church leaders to utilize tools already available to change the trajectory of their resourcing because nothing is more important than what God has called them to do The banking and electronic giving industries have not made it easy for churches to understand their services or fees This book will take the confusion and fear away and open churches to new possibilities Manual of the Methodist Episcopal Church ,1885
