

Internal Controls in United Methodist Churches

Basic Goals and Recommendations for All Churches

(prepared by Audit Committee of Arkansas Conference of the United Methodist Church)

The church has a judiciary responsibility to its donors to ensure that the resources made available to the church are used in a manner consistent with the church's mission and any donor restrictions. Therefore, every church, regardless of size, should have a system of internal controls. Objectives of internal controls are:

- prevent loss or theft of the church's assets
- minimize the opportunity for an employee or volunteer to steal or misuse the assets and/or records of the church
- provide timely and accurate information to management; and
- ensure compliance with laws and regulations

The goal of a sound system of internal control is to balance asset protection with efficient operation. Only those controls in which the benefits outweigh both the financial and emotional costs should be implemented. Often, internal controls are installed due to the fear of fraud or in response to fraud. Many people may resent the discussion of controls. However, a system of internal controls benefits not only the church but also the employees and volunteers of the church. The employees and volunteers can be protected from false accusations of fraud or misuse of assets.

Cash Receipts

The goals for internal controls over cash receipts are:

- to protect all revenue
- to record all receipts
- acknowledge contributions and any restrictions on contributions
- to comply with Internal Revenue Service requirements

Church offerings make up the majority of cash receipts. Some recommendations are:

- Always follow the principle of two - At least two people should always collect and count the offering. Offerings should never be left in the possession of only one person. Also, the collection/count teams should be rotated and the same individuals should not always be paired together.
- Count the offering as soon as possible. The shorter the length of time between the receipt of funds and counting it, the potential for mishandling the funds decreases.
- Count in a secure area - No one should be allowed in the count room other than those counting. Also, coats, purses, or briefcases should not be allowed to be brought into the count room.
- Deposit all offerings intact - All offering should always be counted and deposited intact. This means not allowing cash in the offering to be used to pay church expenses or
