*Research Anthology on E-Commerce Adoption, Models, and Applications for Modern Business* Management Association, Information Resources,2021-04-16 In the next few years it is expected that most businesses will have transitioned to the use of electronic commerce technologies namely e commerce This acceleration in the acceptance of e commerce not only

changes the face of business and retail but also has introduced new adaptive business models. The experience of consumers in online shopping and the popularity of the digital marketplace have changed the way businesses must meet the needs of consumers. To stay relevant, businesses must develop new techniques and strategies to remain competitive in a changing commercial atmosphere. The way in which e-commerce is being implemented, the business models that have been developed, and the applications, including the benefits and challenges to e-commerce, must be discussed to understand modern business. The Research Anthology on E-Commerce Adoption Models and Applications for Modern Business discusses the best practices, latest strategies, and newest methods for implementing and using e-commerce in modern businesses. This includes not only a view of how business models have changed and what business models have emerged but also provides a focus on how consumers have changed in terms of their needs, their online behavior, and their use of e-commerce services. Topics including e-business, e-services, mobile commerce, usability models, website development, brand management, and marketing and online shopping will be explored in detail. This book is ideally intended for business managers, e-commerce managers, marketers, advertisers, brand managers, executives, IT consultants, practitioners, researchers, academicians, and students interested in how e-commerce is impacting modern business models.

**Basic Knowledge on FinTech** TABF Editorial Board, Hank C.C. Huang, 2020-04-01. As the field of FinTech continues its progress, financial institutions must not only enhance their digitization but also make serious efforts to understand the resulting new opportunities it creates. In line with these developments, TABF has published the book *Basic knowledge on FinTech*, which was designed by us as a reference for the FinTech Knowledge Test. Co-authored by TABF staff and other experts, it features balanced and credible analysis, avoiding trivia and overly complex concepts while emphasizing readability. The content structure is based on the World Economic Forum (WEF)'s roadmap for FinTech development, adding in TABF's research findings plus other domestic and international trends and practices. Not only is *Basic knowledge on FinTech* suitable for financial proficiency testing, but it can also be used as a textbook in university courses supplementing theoretical knowledge with up-to-date practical knowledge in this rapidly changing field.
