Critical Essays on Barack Obama Melvin B. Rahming, 2011-12-15 This collection of critical essays explores the life and writings of President Barack Obama. The individual essays written by a diverse body of scholars examine specific facets of Obama's career from personal communal national and international reactions to his presidential election to his controversial contributions to the global conversation about race his impact on popular culture and race relations his literary political and philosophical visions his attitude toward the American constitution his enactment of new legislation to the manner in which he attempts to influence American public policy and to the implications his presidency holds for Europe Africa and the Caribbean. Ranging far beyond the presentation of personal opinions about the Obama Administration these essays offer scholarly perspectives on Obama's two books and on his multidimensional efforts to remove the obstacles to equality of opportunity in the United States. They also explore Obama's potential for re-shaping the American social and cultural terrain and by extension for re-vitalizing the American Dream. This book should be of interest to scholars of political science literature history philosophy religion and psycho-culture as well as to the general reading public.

Barack Obama David Masciotra, 2017 Literary Nonfiction African American Studies History Politics BARACK OBAMA INVISIBLE MAN is a provocative examination of President Barack Obama and his legacy.
