Chapter 2 section Russia Reform Reaction:

History of Russia: Reforms, reaction, revolutions (1855-1932) Pavel Nikolaevich Miliukov, Charles Seignobos, Louis Eisenmann, 1969 Comprehensive history covering the period 1725-1932 For contents see Author Catalog **The Tragedy of Russia's Reforms** Peter Reddaway, Dmitri Glinski, 2001 Examines the collapse of the Soviet Union in 1991 and the birth of the Russian state focusing on Yeltsin's disastrous policies which brought on an economic collapse almost twice as severe as America's Great Depression **Russian Jews Between the Reds and the Whites, 1917-1920** Oleg Budnitskii, 2012-07-24 In the years following the Russian Revolution a bitter civil war was waged between the Bolsheviks with their Red Army of Workers and Peasants on the one side and the various groups that constituted the anti-Bolshevik movement on the other The major anti-Bolshevik force was the White Army whose leadership consisted of former officers of the Russian imperial army In the received and simplified version of this history those Jews who were drawn into the political and military conflict were overwhelmingly affiliated with the Reds while from the start the Whites orchestrated campaigns of anti-Jewish violence leading to the deaths of thousands of Jews in pogroms in the Ukraine and elsewhere In *Russian Jews Between the Reds and the Whites 1917-1920* Oleg Budnitskii provides the first comprehensive historical account of the role of Jews in the Russian Civil War According to Budnitskii Jews were both victims and executioners and while they were among the founders of the Soviet state they also played an important role in the establishment of the anti-Bolshevik factions He offers a far more nuanced picture of the policies of the White leadership toward the Jews than has been previously available exploring such issues as the role of prominent Jewish politicians in the establishment of the White movement of southern Russia the Jewish Question in the White ideology and its international aspects and the attempts of the Russian Orthodox Church and White diplomacy to forestall the establishment of a Jewish state in Palestine The relationship between the Jews and the Reds was no less complicated Nearly all of the Jewish political parties severely disapproved of the Bolshevik coup and the Red Army was hardly without sin when it came to pogroms against the Jews Budnitskii offers a fresh assessment of the part played by Jews in the establishment of the Soviet state of the turn in the policies of Jewish socialist parties after the first wave of mass pogroms and their efforts to attract Jews to the Red Army of Bolshevik policies concerning the Jewish population and of how these stances changed radically over the course of the Civil War *From Europe's East to the Middle East* Kenneth B. Moss, Kenneth Moss, Benjamin Nathans, Taro Tsurumi, 2022-01-04 *From Europe's East to the Middle East* seeks to both renew and recast our understanding of the tumultuous and entangled histories of East European Jewry the transnational movement that Zionism became and the settler society from which the country that is contemporary Israel emerged **A Political and Social History of Modern Europe** Carlton Joseph Huntley Hayes, 1916 [Radicalism in American Silent Films, 1909-1929](#) Michael Slade Shull, 2011-01-18 This work identifies 436 American silent films released between 1909 and 1929 that engaged the issues of militant labor and revolutionary radicalism It begins with an extended introduction and analytical chapters that

investigate the ways in which the American motion picture industry portrayed the interrelationships between labor radicals exploitative capitalists socialist idealists and Bolsheviks during this critical twenty year period Each entry contains a detailed plot synopsis citations to primary sources coding indicating the presence or absence of 14 predominant discernible biases including anti and pro capitalism socialism revolution and labor and subject coding keyed to 64 related terms and concepts including agitators Bolshevism bombs female radicals militias mobs political refugees and strikes These statistical data included in the filmography are presented in a series of charts and are fully integrated into the historical critical text Total number and percentage statistics for the instances of these coded biases and traits are given per year per era and overall
