Essential Values-Based Practice K. W. M. Fulford, Ed Peile, Heidi Carroll, 2012-03-01 This book will help clinicians acquire and develop the processes and skills of values based practice The aim of most patient clinician consultations is to improve health outcomes Often they succeed and patients are satisfied and empowered However some consultations are unsatisfactory and result in failure to improve health outcomes and dissatisfaction on the part of patients carers or clinicians When consultations fail to achieve the desired results the cause is not usually a failure of evidence based practice Today s clinicians are trained in evidence based medicine educated updated and appraised The most likely reason why things go wrong is a failure of values based practice not ascertaining the relevant values perspectives and acting on them in a coherent and purposeful manner If you rehearse and practise the elements of values based practice detailed in this book you will find your consultations more personally rewarding and your patients are likely to derive more benefit *The Americans*

First Communion Peter McGrail, 2016-04-15 One of the most carefully prepared liturgies of any Roman Catholic parish s year is the celebration of First Communion This is the ritual by which seven or eight year old children are admitted to the

Eucharist for the first time It attracts the largest congregations of any parish liturgy and yet is frequently marked by tension and dissent within the parish community The same ritual holds very different meanings for the various parties involved clergy parish schools regularly communicating parishioners and the first communicants and their families The tensions arise from dissonance between the parties on such key issues as expected patterns of Church attendance Catholic identity dress and expenditure and family formation The relationships and discontinuities between popular and official religion is at the heart of these tensions They touch upon deep seated anxieties concerning the future viability of the very structures and patterns of parish life during the current period of falling Church attendance and parish closures For those within the Church who are concerned to understand and address the issues in its structural decline this book will make sometimes uncomfortable but always stimulating reading Peter McGrail examines the relationship between Church structures and popular religious identity viewed through the lens of the first communion event Drawing out hitherto unrecognised connections and significances for the future of the Catholic Church at local level the insights into the decline of the parish as an institution present challenges to all with an interest in and concern for the future of the Church in the English speaking world Bringing to the fore the relationship and tensions between liturgy and Church structures both historically and at the present time this book offers academics and students alike extensive material for reflection and future development

Focus: Music and Religion of Morocco Christopher Witulski, 2019-05-13 Focus Music and Religion of Morocco introduces the region and its history highlighting how the pressures of religious life post colonial economic struggle and global media come together within Moroccan musical life Musical practices contextualize and clarify global historical and contemporary movements many of which remain poorly understood while articulating the daily realities of the region's populations in ways that rarely show through current news accounts of religious extremism poverty and inequality and forced migration As with other volumes in the series Focus Music and Religion of Morocco addresses large conceptual issues through interwoven case studies in three parts Part I Memories and Medias Who We Are highlights how issues of religion colonialism nationalism and globalization transcend boundaries through music to create a sense of personal and national identity whether hundreds of years ago or on today's satellite television stations Part II Contesting Mainstreams Where We're Going explores Morocco's sacred and secular music practices as they relate to the country's diversity and its contemporary politics Part III Focusing In Faith and Fun in Fez highlights Fez's sacred music industry by introducing musicians who navigate musical and religious expectations to appeal to both their own devotional ethics and their audiences wants Links to music examples referenced in the text can be accessed on the eResource site www.routledge.com/9781138094581

Moving Toward a New Society Susanne Gowan, 1976 **Policy Strategy and Innovation Primer** Charles Chao Rong Phua, 2023-02-10 Phua focuses on applying the best of corporate strategy and innovation tools and praxis into the policy process with the aim of devising a coherent policy strategy innovation framework and process Government and business strategies differ in their operating assumptions and

variables but the strategy process is more similar than is often perceived Phua debunks the government versus business dichotomy and demonstrates the potential for cross learning between both domains Readers will benefit the most by reading this book in tandem with Phua's other works on strategy also featured in this series This book is an essential primer for academics practitioners and learners of public policy strategy innovation and applied problem solving **Hodder GCSE History for Edexcel: The American West, c.1835-c.1895** Dave Martin, 2016-10-03 Exam Board Pearson Edexcel Level GCSE Subject History First teaching September 2016 First exams June 2018 Endorsed for Edexcel Enable students to achieve their full potential while ensuring pace enjoyment and motivation with this popular series from the leading History publisher for secondary schools Br Blends in depth coverage of topics with activities and strategies to help students to acquire retain and revise core subject knowledge Br Br Uses an exciting mix of clear narrative visual stimulus materials and a rich collection of contemporary sources to capture students' interest Br Br Helps students to maximise their grade potential and develop their exam skills through structured guidance on answering every question type successfully Br Br Builds on our experience publishing popular GCSE History resources providing you with accurate authoritative content written by experienced teachers who understand the content and assessment requirements Br The Causes of War David Sobek, 2013-04-25 Wars often spring out of nowhere with little warning One need only look at the recent troubles at the Lebanon Israeli border for evidence of this claim At other points in history such as the run up to the Second World War wars seem all but foretold How does one understand a phenomenon that at times seems so random while at others so predictable Is there an underlying cause of war and if so what is it In this book David Sobek argues that there is no single explanation for war factors leading to war in one case may well lead to peace in another Understanding the onset of war he contends requires a movement away from single theories towards one that embraces the multi-faceted causes of war The characteristics of individual states the strategic interaction of multiple states and the broad structure of the international system all affect the risk of war Throughout the book Sobek draws on a wide range of examples from the rise of Japan in the 19th century to the emergence of Hamas in the 21st century to show how both domestic and international politics push states to or pull them from the brink of armed conflict While civil war and terrorism are often viewed as a form of violence distinct from interstate war Sobek examines them as simply an extreme form of asymmetric warfare From this perspective terrorism emerges as just another tactic used by actors engaged in armed conflict The Causes of War will be essential reading for students of security and strategic studies as well as anyone seeking to understand the rise of violent conflict in the contemporary world *Group Theory/process for Nursing Practice* Margo Wilson, 1985 *California and Western Medicine*, 1927 *Japan Weekly Mail*, 1876 *Reports of Cases Argued and Decided in the Supreme Court of the State of Texas* Texas.
