Bared For Life:

Giorgio Agamben Leland de la Durantaye, 2009-05-21 A critical introduction to the work of the Italian philosopher Giorgio Agamben *States of Exception or Exceptional States* Simon Mabon, Sanaa Al Sarghali, Adel Ruished, 2022-07-14 This book explores the application of the work of the philosopher Giorgio Agamben to the post Arab Uprisings in the Middle East considering the evolution of regime society relations that ultimately erupted in violence in the early months of 2011 Agamben's ideas of the state of exception and bare life provide important intellectual tools to understand the nature of sovereignty and the regulation of life which has largely been missing in the study of the region Filling a theoretical and empirical gap by exploring the concept of the state of exception via a multidisciplinary approach Simon Mabon Sanaa Alsarghali and contributors in the fields of political science law and philosophy offer a unique set of perspectives analysing how politics and law combine to facilitate the misuse of executive powers **Frakcija**, 2006 **Derrida's Marrano Passover** Agata Bielik-Robson, 2022-12-15 In this first ever monograph on Jacques Derrida's Toledo confession where he portrayed himself as sort of a Marrano of the French Catholic culture Agata Bielik Robson shows Derrida's marranismo to be a literary experiment of auto fiction She looks at all possible aspects of Derrida's Marrano identification in order to demonstrate that it ultimately constitutes a trope of non identitarian evasion that permeates all his works just as Marranos cannot be characterized as either Jewish or Christian so is Derrida's universal Marranism an invitation to think philosophically politically and last but not least metaphysically without rigid categories of identity and belonging By concentrating on Derrida's deliberate choice of marranismo Bielik Robson shows that it penetrates deep into the very core of his late thinking constantly drawing on the literary works of Kafka Celan Joyce Cixous and Valéry and throws a new light on his early works most of all Of Grammatology Dissemination and Différance She also offers a completely new interpretation of many of Derrida's works only seemingly non related to the Marrano issue like Glas Given Time Counterfeit Money Death Penalty Seminar and Specters of Marx In these new readings this book demonstrates that the Marrano Derrida is not a marginal auto biographical figure overshadowed by Derrida the Philosopher it is one and the same thinker who discovered marranismo as a literary trope of openness offering up a new genre of philosophical story telling which centers around Derrida's Marrano auto fable □□□□□□□□-□□□□□□ □□□□□□□□□□ □□□□□□□□□□□□□□□□ Paul Abelson, 1915 **The annals of an artist's life, by M.
