apocalyptic science fiction horror series debut I am not going to complain to you about my life We've got zombies They are not the brainless rotting creatures we'd been led to expect Unfortunately for us they're just as smart as they were before they died very fast much stronger than you or me and possess no internal editor at all Claws Did I mention claws I kill them for a living but it's as much a vocation as a freelance career choice It helps me helps my neighborhood and the people I consider to be my family of choice What's more I'm really good at it My life had a nice rhythm and I'd almost gotten used to it but the military bungled an attempt to wipe out an organized bunch of undead near a major commuting route into D.C. The formerly human survivors relocated Now they're less than an hour's stroll away from where I live The new Zombie Overlord is smarter crazier and much more well equipped than anyone we'd dealt with in the past We have something he wants badly I know he's going to come and get it and try and wipe us out in the process men women and even the children I'd seen it done before elsewhere for lesser reasons This is my home These are my people my family This is personal Praise for Blood Soaked and Contagious I give it an EW factor of 10 Diana Gabaldon 1 New York Times bestselling author of the Outlander Series
