**Berlin - Tome 1 - Les sept nains** Marvano,2010-03-26T00:00:00+01:00 Aventure sur fond historique1993 Lincolnshire Angleterre Une jeune femme une vieille dame et un homme d'âge moyen se retrouvent sur la piste d'un aérodrôme militaire désaffecté et se souviennent En 1943 c'est de là que décollaient les Lancaster de la RAF chargés de bombarder Berlin et d'anticiper l'Allemagne nazie C'est là aussi qu'atterrissaient ceux qui avaient réussi à échapper aux tirs de l'ennemi lors de ces raids nocturnes très périlleux Beaucoup n'en revenaient pas Beaucoup étaient très jeunes trop jeunes pour mourir Dans ce monde en guerre les nuits de terreur et les journées idylliques la campagne se succédaient indifféremment les jeunes aviateurs s'efforçaient de vivre avec frénésie *Music Library of Congress. Copyright Office,1947* [The Brothers Le Nain](#) Esther Susan Bell,Claude Douglas Dickerson,Nicolas Milavanovic,Alain Tallon,2016-01-01 A beautiful volume that brings to light the forgotten Le Nain brothers a trio of 17th century French master painters who specialized in portraiture religious subjects and scenes of everyday peasant life In France in the 17th century the brothers Antoine c 1598 1648 Louis c 1600 1605 1648 and Mathieu 1607 1677 Le Nain painted images of everyday life for which they became posthumously famous They are celebrated for their depictions of middle class leisure activities and particularly for their representations of peasant families who gaze out at the viewer The uncompromising naturalism of these compositions along with their oddly suspended action imparts a sense of dignity to their subjects Featuring more than sixty paintings highlighting the artists full range of production including altarpieces private devotional paintings portraits and the poignant images of peasants for which the brothers are best known this generously illustrated volume presents new research concerning the authorship dating and meaning of the works by well known scholars in the field Also groundbreaking are the results of a technical study of the paintings which constitutes a major contribution to the scholarship on the Le Nain brothers **Catalog of Copyright Entries, Third Series** Library of Congress. Copyright Office,1947 [Cinema in the Arab World](#) Ifdal Elsaket,Daniël Biltreyst,Philippe Meers,2023-01-26 Cinema in the Arab world has been the subject of varied and rigorous studies but most have focused on films as text providing in depth analyses of plot style ideologies or examination of the biographies of prominent directors or actors This innovative new volume shifts the focus on Arab cinema off screen to examine the histories politics and conditions of distribution exhibition and cinema going in the Arab world Through broadening the frame of study beyond the screen the book widens understanding of the cinema not merely as a collection of films as texts but as a site of cultural and political contestation in the Arab world Divided into two sections and guided by interdisciplinary considerations the contributors examine historical and contemporary issues of Arab cinema in terms of the experience of movie going and filmmaking They examine the networks of distribution and exhibition as well as the contested and multiple meanings that the cinema embodied through diverse historical periods and geographical locations Part I focuses on new histories of Arab cinema in terms of film production distribution exhibition and audience's experiences of cinema going Part II deals with more

recent issues within scholarship on Arab cinema such as issues of politics economics ideologies as well as issues related to Arab movies international circulation and screenings at festivals Together the chapters enrich our understanding of the cinema in the Arab world showing how deeply embedded it is within its social political and economic contexts **Bulletin critique du livre français** ,2007 Imagination and Fantasy in the Middle Ages and Early Modern Time Albrecht Classen,2020-08-24 The notions of other peoples cultures and natural conditions have always been determined by the epistemology of imagination and fantasy providing much freedom and creativity and yet have also created much fear anxiety and horror In this regard the pre modern world demonstrates striking parallels with our own insofar as the projections of alterity might be different by degrees but they are fundamentally the same by content Dreams illusions projections concepts hopes utopias dystopias desires and emotional attachments are as specific and impactful as the physical environment This volume thus sheds important light on the various lenses used by people in the Middle Ages and the early modern age as to how they came to terms with their perceptions images and notions Previous scholarship focused heavily on the history of mentality and history of emotions whereas here the history of pre modern imagination and fantasy assumes center position Imaginary things are taken seriously because medieval and early modern writers and artists clearly reveal their great significance in their works and their daily lives This approach facilitates a new deep structure analysis of pre modern culture
