Integrating Artificial Intelligence in Education: Enhancing Teaching Practices for Future Learning Queirós, Ricardo, Cruz, Mário, Mascarenhas, Daniela, 2024-10-25. The education sector faces unprecedented challenges from rapidly evolving technologies to diverse learner needs, placing immense pressure on educators to adapt and innovate. Traditional teaching methods need help to keep pace with the demands of modern education, leading to gaps in personalized learning and student engagement. Ethical concerns surrounding AI integration in education remain a significant hurdle, requiring careful navigation and responsible implementation. *Integrating Artificial Intelligence in Education: Enhancing Teaching Practices for Future Learning* offers a comprehensive solution by exploring how AI can address these challenges and revolutionize education. Through a collection of insightful contributions, it provides practical strategies for integrating AI into teaching practices, empowering educators to personalize learning experiences and enhance student engagement. By examining AI ethics and responsible education, the book equips educators with the knowledge needed to navigate the ethical complexities of AI integration.

AI-Powered English Teaching Shukla, Ankit, Meeprom, Benjaporn, Khunasathitchai, Kongkiat, Yadav, Nagendra, 2025-06-25. Artificial intelligence (AI) is transforming English language education by enabling personalized, adaptive, and efficient learning experiences. By automating routine tasks and offering real-time feedback, AI empowers educators to focus on fostering creativity, cultural understanding, and critical thinking. As English remains a key global communication tool, AI-driven teaching methods help make high-quality education more accessible and inclusive across diverse learning environments. This shift not only enhances student engagement and outcomes but also redefines the role of educators in a rapidly evolving digital age. *AI-Powered English Teaching* explores the transformative potential of AI in reshaping how English is taught and learned. By offering practical insights, theoretical frameworks, and evidence-based strategies, this book bridges the gap between emerging AI technologies and their application in educational settings. Covering topics such as automated feedback, foreign language skills, and writing motivation, this book is an excellent resource for English language educators, curriculum developers, educational technology professionals, academicians, teacher trainers, education policymakers, and more.

Advanced Methods, Equipment and Platforms in Precision Field Crops Protection, volume II Jun Ni, Peter Yuen, Jingcheng Zhang, Ning Yang, 2025-11-05. Diseases, pests, and weeds have severely affected the production of crops. Traditional agriculture solves the above problems by large-scale chemical spraying, but excessive pesticides can also seriously affect the growth of crops and pollute the environment. Therefore, it is necessary to use modern technologies to protect field crops accurately. Collect and analyze the characteristics and location information of diseases, pests, and weeds as early as possible with equipment and methods, and use various platforms to complete the precise protection of field crops. This Research Topic welcomes submissions that address precision crop protection research and

demonstrate how smart control strategies sensor technology and operational platforms can be integrated into actual crop protection We welcome submissions of original research articles reviews and methods including but not limited to research on the following sub themes 1 Real time monitoring and detection sensors for diseases pests and weeds 2 Intelligent crop protection methods based on artificial intelligence 3 Phenotypic parameter analysis of weeds and affected crops 4 Precision variable rate equipment and system for crop protection 5 Digital twin models novel IoT technologies and cloud platform for crop protection 6 Advances innovations and new trends in modern technologies for crop protection and development
