Tales of Texas Cooking Frances Brannen Vick, 2015-12-15 According to Renaissance woman and Pepper Lady Jean Andrews, although food is eaten as a response to hunger, it is much more than filling one's stomach. It also provides emotional fulfillment. This is borne out by the joy many of us feel as a family when we get in the kitchen and cook together and then share in our labors at the dinner table. Food is comfort, yet it is also political and contested because we often are what we eat, meaning what is available and familiar and allowed. Texas is fortunate in having a bountiful supply of ethnic groups influencing its foodways, and Texas food is the perfect metaphor for the blending of diverse cultures and native resources. Food is a symbol of our success and our communion, and whenever possible, Texans tend to do food in a big way. This latest publication from the Texas Folklore Society contains stories and more than 120 recipes from long ago and just yesterday, organized by the 10 vegetation regions of the state. Herein you'll find Senator Kay Bailey Hutchinson's Family Cake memories of beef jerky and sassafras tea from John Erickson of Hank the Cowdog fame, Sam Houston's barbecue sauce and stories, and recipes from Roy Bedichek, Bob Compton, J. Frank Dobie, Bob Flynn, Jean Flynn, Leon Hale, Elmer Kelton, Gary Lavergne, James Ward Lee, Jane Monday, Joyce Roach, Ellen Temple, Walter Prescott Webb, and Jane Roberts Wood. There is something for the cook as well as for the Texan, with a raft of takeaway menus on their refrigerator. Unpalatable Carrie Helms Tippen, 2025-01-15 The cookbook genre is highly conventional, with an orientation toward celebration and success. From glossy photographs to heartwarming stories and adjective-rich ingredient lists, the cookbook tradition primes readers for pleasure. Yet the overarching narrative of the region is often one of pain, loss, privation, exploitation, poverty, and suffering of various kinds. While some cookbook writers go to great lengths to avoid reminding readers of this painful past, others invoke that pain as a marker of southern authenticity. Still others use stories of southern suffering as an opportunity to make space for reconciliation, reparation, or apology for past wrongs. In *Unpalatable: Stories of Pain and Pleasure in Southern Cookbooks*, author Carrie Helms Tippen attempts to understand the unique rhetorical situation of the southern cookbook as it negotiates a tension between the expectations of the genre and the prevailing metanarratives of the southern experience: one focused on pleasure and the other rooted in pain. Through an analysis of commercially published southern cookbooks from the 1990s to the present, Tippen examines the range of rhetorical purposes and strategies writers have employed, some of which

undermine the reality of a painful past and cause harm or violence and others which serve as tools for truth and reconciliation *Killer Mousse* Melinda Wells,2008-02-05 Meet Della Carmichael owner of a cooking school in Santa Monica California and as of this week star of a brand new cable cooking show But she s about to add a new position to her r sum suspect The first live airing of In the Kitchen With Della opens like other cooking shows with a chef surrounded by bowls of ingredients in a shiny studio kitchen But it ends like a crime scene detective show and Della is the suspected perp Della s Killer Mousse lives up to its name when her predecessor Mimi Bond taste tests it and winds up dead on the floor Proving that she didn t poison the mousse will be no piece of cake for Della She ll have to expose unsavory secrets get mixed up in heated family affairs and figure out why Mimi who couldn t make instant oatmeal was hired in the first place **Good**
