Resources in Education ,1997 **Modernist Cultural Studies** Catherine Driscoll,2010-01-03 For many scholars cultural studies is viewed as a product of postmodern criticism and as the antithesis of modernism In this brilliant work Catherine Driscoll argues persuasively that we must view what we call cultural studies as a direct continuation of the innovations and concerns of modernism and the modernists In making her case Driscoll provides a fresh take on arguments some seemingly unresolvable that pivot on modernism s desire for novelty Defining modernity as a critical attitude rather than a time period she describes the many things these ostensibly different fields of inquiry have in common and reveals why cultural studies must be viewed as a fundamentally modernist project Casting a wide net across the shared interests of modernism and cultural studies including cinema fiction fashion art and popular music Driscoll explores such themes as love and work adolescence and everyday life the significance of the everyday the popular as a field of power and the importance of representation to identity and experience in modernity *Language Activism* Haley De Korne,2021-08-02 While top down policies and declarations have yet to establish equal status and opportunities for speakers of all languages in practice activists and advocates at local levels are playing an increasingly significant role in the creation of new social imaginaries and practices in multilingual contexts This volume describes how social actors across multiple domains contribute to the elusive goal of linguistic equality or justice through their language activism practices Through an ethnographic account of Indigenous Isthmus Zapotec language activism in Oaxaca Mexico this study illuminates the sometimes conflicting imaginaries of what positive social change is and how it should be achieved and the repertoire of strategies through which these imaginaries are being pursued Ethnographic and action research conducted from 2013 2018 in the multilingual Isthmus of Tehuantepec brings to light the experiences of educators students writers scholars and diverse cultural activists whose aspirations and strategies of social change are significant in shaping the future language ecology Their repertoire of strategies may inform and encourage language activists scholars and educators working for change in other contexts of linguistic diversity and inequality *Records of the General Conference of the United Nations Educational, Scientific and Cultural Organization* Unesco.
