### Geopolitical Tensions in the Cold War

1. Look at the political cartoon on the left. Make a list of everything you notice about the cartoon. (Be sure to list people, details about the environment, symbols, words, etc.)

The cartoon depicts JFK (president of the US at the time) and Nikita Khrushchev (USSR premier) standing knee-deep in water in what looks like a swamp. They are both literally butting heads with their hands balled in fists at their sides. Next to Nikita there is a sign that says "DANGER QUICK-SAND. The caption of the cartoon is "I'll Bury You."

2. What were the United States and Soviet Union competing for during the Cold War? Both countries competed for superior military power, technology, and political dominance.

3. Make a list of differences between the U.S. and USSR:

US: Capitalism, Democracy

USSR: Communist, Authoritarian Socialism

4. List two countries where the U.S. and Soviet Union fought proxy wars during the Cold War:

Korea and Vietnam

## Chapter 1the Cold War At Home:

Communist Rhetoric and Feminist Voices in Cold War America Jennifer Keohane, 2018-01-05 This book tells the story of a group of women affiliated with the United States Communist Party CPUSA who used a variety of rhetorical resources to build credibility and transform the party into a vibrant dwelling place for feminist discourse and activism during a conservative period. It evidences Communist women's significant and creative resistance to Cold War society and its visions of appropriate normal womanhood alongside their pleas for class and race consciousness in a country that took for granted the white middle class aspirations of citizens. Drawing on Marxist theory, transnational coalitions, and Cold War culture, Communist women's rhetorical strategies were incredibly powerful, and this book provides insight into how they catalyzed changes in a rigid political movement by establishing a platform for their radical ideals.

Robert Lowell's Imitations and the Cold War Simon van Schalkwyk, 2025-08-07 The first book-length study focusing on Robert Lowell's career-long preoccupation with the liberal mode of translational adaptation known as imitation. Robert Lowell's *Imitations and the Cold War* argues that Lowell's imitations are simultaneously symptomatic of and critically responsive to familiar nodes of Cold War ideology such as containment and contamination, secrecy and security, post-imperial U.S. expansion and Empire. It departs from studies focused solely on *Imitations* (1961), Lowell's book-length collection of translational adaptations, by demonstrating how imitation shadows Lowell's work from his earliest collections *Land of Unlikeness* (1944) and *Lord Weary's Castle* (1946) through his celebrated mid-career collections *Life Studies* (1959) and *For the Union Dead* (1964) and to later works such as *Near the Ocean* (1969) and his contributions of adaptations from the Russian of Anna Akhmatova and Osip Mandelstam collected in Olga Carlisle's anthology *Poets on Street Corners* (1967). Simon van Schalkwyk excavates the imitational substrate undergirding and informing Lowell's compositional method and poetic imagination throughout the course of his career. In so doing, he shows how imitation enacts at the level of form Lowell's restless investment in Cold War geopolitics and literary networks in ways that inform, develop, and complicate his more conventional canonization as an unquestionably American poet preoccupied solely and simplistically with personal or autobiographical modes of poetic confession. As literary sites at which containment's dualities, porosities, leakages, and contaminants are most clearly displayed, Lowell's imitations simultaneously challenge and develop our understanding of confession's presumably strict preoccupation with the personal, regional, and national frameworks through which Lowell has commonly been understood.

**The Cold War, 1945-1987** Ralph B. Levering, 1988

**Total Cold War** Kenneth Alan Osgood, 2006 Osgood focuses on major campaigns such as Atoms for Peace, People to People, and cultural exchange programs. Drawing on recently declassified documents that record U.S. psychological operations in some three dozen countries, he tells how U.S. propaganda agencies presented everyday life in America to the world: its citizens living full, happy lives in a classless society where economic bounty was shared by all. Osgood further investigates the ways in which superpower disarmament negotiations were used as propaganda maneuvers in the battle for

international public opinion He also reexamines the early years of the space race focusing especially on the challenge to American propagandists posed by the Soviet launch of Sputnik

Native Activism in Cold War America Daniel M. Cobb,2008 Broadens the scope and meaning of American Indian political activism by focusing on the movement s early and largely neglected struggles revealing how early activists exploited Cold War tensions in ways that brought national attention to their issues

The Birth and Unfolding of Phases in History Michael A. Susko,2025-09-10 The Birth and Unfolding of Phases in History From Neolithic to World Pueblo and U S History brings together four major works into a single arc of human time Michael A Susko argues that the rhythm of history is not confined to the rise of empires but begins in the Neolithic with triadic 45 year generations that set the first phases of historical time in motion Using this framework the book explores Neolithic atal h y k as a non empire model of symbolic and generational phasing This Initial work is in progress World history through Egypt Judah Israel Rome and the Medieval Modern era contrasting empire based and prophetic alternatives Ancestral Pueblo history as a more egalitarian path outside empire s mold U S history as a largely empire driven model tempered by ideals of freedom and equality This panoramic view balances empire and non empire trajectories showing how civilizations universalize their visions either through force or through sharing covenant and inclusion Written in accessible language yet grounded in rigorous patterning it invites readers to see history not as inevitable empire but as a set of choices that continue to shape our present and future

*History of Our Time* William H. Chafe, Harvard Sitkoff, 1999 This popular and comprehensive anthology presents cogent provocative articles from differing political perspectives on major issues in post War America In addition to articles by leading historians the editors have assembled first person accounts of various issues by those who have contributed to the shaping of America s rich history including Joseph McCarthy Martin Luther King Jr and Bill Clinton This fifth edition has been considerably revised to incorporate up to date articles on the most significant issues facing contemporary America including essays on affirmative action Generation X and the crises of post Cold War foreign policy With lively and enlightening introductions to each section and headnotes providing a context for the articles *A History of Our Time* helps students make sense of the past fifty years in America s sometimes tumultuous but always fascinating history     Promises to Keep Paul S. Boyer, 1999 This challenging and motivating text presents the experience of the U S in World War II as a backdrop for understanding recent developments and events in American history Four principal interwoven themes trace 1 the pervasive impact of the Cold War 2 the effects of social protest movements among African Americans women and other groups 3 the sources and impact of economic demographic and cultural changes and 4 a thorough examination of politics     America Pathways to the Present , 1995     **A New English Dictionary on Historical Principles: part 1. L (1903)** James Augustus Henry Murray, 1903     **For Fortune and Glory: a Story of the Soudan War** Lewis Hough, 1885     **The Other Cold War** Christopher R. Kilford, 2010 Christopher Kilford sets out to carefully examine how Canada became involved with the provision of military equipment advice and training to armed forces throughout the developing world after 1945 impact that military assistance had in several 19th century countries and why later in the 1960s militaries were often viewed as the best means to encourage wider societal modernization while also preventing the spread of communism This latter issue was a key reason why Ottawa found itself authorizing military assistance missions in the post war period until such efforts at the urging of Prime Minister Pierre Trudeau effectively dried up in the early 1970s from back cover     United States Foreign Policy and World Order James A. Nathan, James K. Oliver, 1981     **America** Andrew Robert Lee Cayton, 1995     **Nixon's Economy** Allen J. Matusow, 1998 Historian Allen J Matusow now presents the first comprehensive history of Nixon s political economy He depicts a president who disliked the subject but was forced to pay attention or lose his dream of effecting a historic realignment of the political parties in America The study derives its authority from extensive archival research in Nixon s presidential papers including notes by Haldeman and Ehrlichman of crucial conversations in the Oval Office Matusow shows the poverty of contemporary economic theory Nixon s willingness to sacrifice the world economy for his domestic political purposes and his desperate attempts to find something anything that might work Lurching from one set of policies to another Matusow argues Nixon achieved only illusory successes that ultimately brought on a decade of economic disaster     The Cold War Presidency Thomas Langston, 2007 Organized chronologically by president The Cold War Presidency presents original analytical essays on the presidents and their roles during the Cold War from Harry Truman through George H W

Bush and over 150 important primary source documents with explanatory headnotes The pairing together of these useful materials allows researchers to learn comprehensively or selectively about the interdependence of the presidency and the Cold War
