

Globe: Latitudes and Longitudes

Globe

The Earth is nearly a sphere. The shape of the Earth is neither round nor a perfect sphere because its surface flattens at the North Pole and South Pole and bulges at the equator. If we cut earth into two equal halves from any of the meridians (cross section through the poles), the diameter measured will be slightly less than the diameter measured by cutting the Earth at the equator into two. Hence, we can say that the shape of the Earth is Oblate Spheroid instead of round or perfect sphere. The poles are the two reference points on the surface of the Earth, and an imaginary tilted line joining the two poles which passes through the centre of the Earth is known as axis. The Earth moves around its axis. In order to locate a particular place on the surface of the Earth, and pre-empt confusion regarding the location, distance and time, a network of imaginary lines are drawn on a map or globe with reference to specific measurement.

Chapter 1 transformations Around The Globe

Martha G. Newman

Chapter 1 transformations Around The Globe:

World History: Patterns of Interaction McDougal-Littell Publishing Staff,2004-03 McDougal Littell World History: Patterns of Interaction McDougal Littell,1998-11 **Women, Gender Equality, and Post-Conflict Transformation** Joyce P. Kaufman,Kristen P. Williams,2016-10-04 The end of formal hostilities in any given conflict provides an opportunity to transform society in order to secure a stable peace This book builds on the existing feminist international relations literature as well as lessons of past cases that reinforce the importance of including women in the post conflict transition process and are important to our general understanding of gender relations in the conflict and post conflict periods Post conflict transformation processes including disarmament demobilization and reintegration DDR programs transitional justice mechanisms reconciliation measures and legal and political reforms which emerge after the formal hostilities end demonstrate that war and peace impact and are impacted by women and men differently By drawing on a strong theoretical framework and a number of cases this volume provides important insight into questions pertaining to the end of conflict and the challenges inherent in the post conflict transition period that are relevant to students and practitioners alike The Great Awakening and Southern Backcountry Revolutionaries Richard J. Chacon,Michael Charles Scoggins,2014-07-08 This work documents the impact that the Great Awakening had on the inhabitants of colonial America s Southern Backcountry Special emphasis is placed on how this religious revival furrowed the ground on which the seeds of the American Revolution would sprout The investigation shows how the Great Awakening can be traced to the Europe s Age of Enlightenment This effort also demonstrates how and why this revival spread so rapidly throughout the colonies Special focus is placed on how the Great Awakening impacted the mindset of colonists of the Southern Backcountry Most significantly this research demonstrates how this 18thcentury revival not only cultivated a sense of American national identity but how it also fostered a colonial mindset against established authority which in turn facilitated the success of the American Revolution Additionally this investigation will document from a cross cultural perspective how religious revivals have fueled other revolutionary movements around the world Such analysis will include the Celtic Druid Revolt the Maji Maji Rebellion of East Africa along with the Mad Man s War in Southeast Asia Lastly the ethical ramifications of minimizing or denying the role that religion played in political and social transformations around the world will be addressed This final point is of paramount importance given current trend in academia to minimize the role that religion played in spurring revolutions while emphasizing material i e economic causal factors This attempt at divorcing religion from history is misguided and unethical because it is not only misleading but it also fails to fully acknowledge the beliefs and values that motivated individuals to take certain actions in the first place **McDougal Littell World History: Patterns of Interaction** Holt McDougal,2002-01-07 World History - Patterns of Interaction Holt McDougal,2001 **Cistercian Stories for Nuns and Monks** Martha G. Newman,2020-10-30 Around the year 1200 the Cistercian Engelhard of Langheim dedicated a collection of monastic stories to a community of

religious women Martha G Newman explores how this largely unedited collection of tales about Cistercian monks illuminates the religiosity of Cistercian nuns As did other Cistercian storytellers Engelhard recorded the miracles and visions of the order s illustrious figures but he wrote from Franconia in modern Germany rather than the Cistercian heartland His extant texts reflect his interactions with non Cistercian monasteries and with Langheim s patrons rather than celebrating Bernard of Clairvaux Engelhard was conservative interested in maintaining traditional Cistercian patterns of thought Nonetheless by offering to women a collection of narratives that explore the oral qualities of texts the nature of sight and the efficacy of sacraments Engelhard articulated a distinctive response to the social and intellectual changes of his period In analyzing Engelhard s stories Newman uncovers an understudied monastic culture that resisted the growing emphasis on the priestly administration of the sacraments and the hardening of gender distinctions Engelhard assumed that monks and nuns shared similar interests and concerns and he addressed his audiences as if they occupied a space neither fully sacerdotal nor completely lay neither scholastic nor unlearned and neither solely male nor only female His exemplary narratives depict the sacramental value of everyday objects and behaviors whose efficacy relied more on individual spiritual formation than on sacerdotal action By encouraging nuns and monks to imagine connections between heaven and earth Engelhard taught faith as a learned disposition Newman s study demonstrates that scholastic questions about signs sacraments and sight emerged in a narrative form within late twelfth century monastic communities

Social Change in the Southwest, 1350-1880

Thomas D. Hall,1989 *Modern World History - Patterns of Interaction* ,1998-12-21 New Venture Creation:

Entrepreneurship for the 21st Century Jeffry Timmons,Rob Adams,Stephen Spinelli,2015-02-06 New Venture Creation

World Politics Barry B. Hughes,1991 An introduction to world politics this text explains eight major forces of global transformation focusing on the dynamics of change It covers issues of political economy and global public policy and analyzes the collapse of communism in Central Europe and the changes in East West relations

The Political Thought of Calvin Coolidge Thomas J. Tacoma,2020-09-02 Calvin Coolidge lived during a time of constitutional transformation the Progressive Era and World War I before serving as President of the United States from 1923 1929 Thomas J Tacoma argues that Coolidge contended with this changing regime and world through as a Burkean conservative and an Americanist politician In *The Political Thought of Calvin Coolidge* Burkean Americanist Tacoma contextualizes Coolidge s thought in the Progressive milieu of the age and Coolidge s own educational background in New England and then presents the core of Coolidge s political

thought civilization Tacoma maintains that Coolidge believed in civilization and that the traditional American political and economic order represented the highest achievements in western civilization Coolidge s speeches ranged across American history to defend the virtues of the American regime and in his political career he undertook to defend the constitutional regime he had inherited Coolidge famous for his emphasis on thrift likewise situated his views on economy within his larger vision of civilization and he mixed realism and idealism in his developed views on international relations Through extensive research Tacoma examines the way Coolidge responded to the challenge of upholding American civilization in the face of a changing world
