**Capitalism in the UK** Mike Campbell, 2023-02-03 First published in 1981 Capitalism in the UK clearly states the Marxist position arguing that capitalism dominates the world economy and that the world's trade and multinational enterprises favour the capitalist system It shows how orthodox economics is not value free and how orthodox economics implicitly assumes that capitalism is the only possible form of economic organisation for society Designed for students on Political Economy and Marxists Economics courses this comprehensive and concise volume provides an important counterweight to traditional first and second year introductory textbooks

*Postcapitalism* Paul Mason, 2016-02-09 A fascinating set of ideas Politicians of all stripes should take note And so should the people who vote for them Financial Times We know that our world is undergoing seismic change but how can we emerge from the crisis as a better society Over the past two centuries or so capitalism has undergone profound changes economic cycles that veer from boom to bust from which it has always emerged transformed and strengthened Surveying this turbulent history Paul Mason's Postcapitalism argues that we are on the brink of a change so big and so profound that this time capitalism itself the immensely complex system within which entire societies function will mutate into something wholly new At the heart of this change is information technology a revolution that is driven by capitalism but with its tendency to push the value of much of what we make toward zero has the potential to destroy an economy based on markets wages and private ownership Almost unnoticed in the niches and hollows of the market system swaths of economic life are beginning to move to a different rhythm Vast numbers of people are changing how they behave and live in ways contrary to the current system of state backed corporate capitalism And as the terrain changes new paths open In this bold and prophetic book Mason shows how from the ashes of the crisis we have the chance to create a more just and sustainable economy Although the dangers ahead are profound he argues that there is cause for hope This is the first time in human history in which equipped with an understanding of what is happening around us we can predict and shape the future Absorbing and provocative Publishers Weekly An original engaging and bracingly articulated vision of real alternatives It is sure to spark many vigorous debates and they are precisely the ones we should be having Naomi Klein New York Times bestselling author of *Doppelganger*
