Conclusive Evidence Vladimir Nabokov:

Conclusive evidence Vladimir Vladimirovich Nabokov,1947 Nabokov,1951 **Speak, Memory** Vladimir Nabokov,1989-08-28 From one of the 20th century s great writers comes one of the finest autobiographies of our time Scintillating One finds here amazing glimpses into the life of a world that has vanished forever The New York Times *Speak Memory* was first published by Vladimir Nabokov in 1951 as *Conclusive Evidence* and then assiduously revised and republished in 1966 Nabokov s memoir is a moving account of a loving civilized family of adolescent awakenings flight from Bolshevik terror education in England and migr life in Paris and Berlin The Nabokovs were eccentric liberal aristocrats who lived a life immersed in politics and literature on splendid country estates until their world was swept away by the Russian revolution when the author was eighteen years old *Speak Memory* vividly evokes a vanished past in the inimitable prose of Nabokov at his best *Realms of Exile* Domnica Radulescu,2002-01-01 *Realms of Exile* brings together authors writing on diverse themes of Eastern European exile The book defines the experiential and linguistic peculiarities of exiled people who share similar cultural geographical and mythological backgrounds and who have suffered under totalitarian rule The contributions discuss a variety of media from the soulful melodies of the Russian gypsies to the delicate sensuousness of Kieslowski s films as the authors treat some of the most crucial issues of our times such as political dissent and resistance the fractured self alienation and migr consciousness *Realms of Exile* is interdisciplinary and cross cultural scholarship at its best casting new light on the many nuances and variations of many of the cultures and ethnic groups of Eastern Europeans *The Rise of the Memoir* Alex Zwerdling,2017 *The Rise of the Memoir* traces the growth and extraordinarily wide appeal of the memoir Its territory is private rather than public life shame guilt and embarrassment not the achievements celebrated in the public record What accounts for the sharp need writers like Rousseau Woolf Orwell Nabokov Primo Levi and Maxine Hong Kingston felt to write and to publish such works when they might more easily have chosen to remain silent Alex Zwerdling explores why each of these writers felt compelled to write them as that story can be reconstructed from personal materials available in archival collections what internal conflicts they encountered while trying and how each of them resisted the private and public pressures to stop themselves rather than pursuing this confessional route against their own doubts without a reasonable expectation that such works would be welcome in print and eventually find an empathetic audience Reconstructing this process in which a dubious project eventually becomes a compelling product a memoir that will last illuminates both what was at stake and why this serially invented open form has reshaped the expectations of readers who welcomed a vital alternative to the official story *Handbook of Autobiography / Autofiction* Martina Wagner-Egelhaaf,2019-01-29 Autobiographical writings have been a major cultural genre from antiquity to the present time General questions of the literary as e g the relation between literature and reality truth and fiction the dependency of author narrator and figure or issues of individual and cultural styles etc can be studied preeminently in the

autobiographical genre Yet the tradition of life writing has in the course of literary history developed manifold types and forms Especially in the globalized age where the media and other technological cultural factors contribute to a rapid transformation of lifestyles autobiographical writing has maintained even enhanced its popularity and importance By conceiving autobiography in a wide sense that includes memoirs diaries self portraits and autofiction as well as media transformations of the genre this three volume handbook offers a comprehensive survey of theoretical approaches systematic aspects and historical developments in an international and interdisciplinary perspective While autobiography is usually considered to be a European tradition special emphasis is placed on the modes of self representation in non Western cultures and on inter and transcultural perspectives of the genre The individual contributions are closely interconnected by a system of cross references The handbook addresses scholars of cultural and literary studies students as well as non academic readers

New York Public Library News,1999 *Biblion* ,1999 H.G. Wells and All Things Russian Galya Diment,2019-07-26 H G Wells and All Things Russian is

a fertile terrain for research and this volume will be the first to devote itself entirely to the theme Wells was an astute student of Russian literature culture and history and the Russians in turn became eager students of Wells s views and works During the Soviet years in fact no significant foreign author was safer for Soviet critics to praise than H G Wells The reason was obvious He had met and largely approved of Lenin was a close friend of the Soviet literary giant Maxim Gorky and in general expressed much respect for Russia s evolving Communist experiment even after it fell into Stalin s hands While Wells s attitude towards the Soviet Union was nevertheless often ambivalent there is definitely nothing ambiguous about the tremendous influence his works had on Russian literary and cultural life
