**The Oxford Handbook of Prisons and Imprisonment** John D. Wooldredge, Paula Smith, 2018-03-09 Research on prisons prior to the prison boom of the 1980s and 1990s focused mainly on inmate subcultures, inmate rights and sociological interpretations of inmate and guard adaptations to their environment with qualitative studies and ethnographic methods the norm. In recent years research has expanded considerably to issues related to inmates' mental health, suicide, managing special types of offenders, risk assessment and evidence based treatment programs. The Oxford Handbook of Prisons and Imprisonment provides the only single source that bridges social scientific and behavioral perspectives providing graduate students with a more comprehensive understanding of the topic, academics with a body of knowledge that will more effectively inform their own research and practitioners with an overview of evidence based best practices. Across thirty chapters leading contributors offer new ideas, critical treatments of substantive topics with theoretical and policy implications and comprehensive literature reviews that reflect cumulative knowledge on what works and what doesn't. The Handbook covers critical topics in the field some of which include recent trends in imprisonment, prison gangs, inmate victimization, the use and impact of restrictive housing, unique problems faced by women in prison, special offender populations, risk assessment and treatment effectiveness, prisoner re entry and privatization. The Oxford Handbook of Prisons and Imprisonment offers a rich source of information on the current state of institutional corrections around the world, on issues facing both inmates and prison staff and on how those issues may impede or facilitate the various goals of incarceration.

*Midcourse Correction for the College Classroom* Carol A. Hurney, Christine M. Rener, Jordan D. Troisi, 2023-07-03 This book is about using the Small Group Instructional Diagnosis (SGID) method to make improvements to the educational experience. The idea is to use this structured interview process to involve students in helping faculty improve a course while they are in it, potentially making a difference for themselves as well as for future students. Faculty gain the opportunity to work on a course before it ends and can see what changes work without waiting for the next time the course is offered or the end of semester student evaluations. SGID is a consultation method developed to collect midsemester feedback from students using structured small and large group conversations involving four conversations between students, a learned colleague (the authors refer to as the SGID consultant) and the instructor. First, student talk with each other in small groups about the learning happening in a course under the guidance of a consultant. SGID Conversation 1: Student-Students. Then the SGID consultant engages the students in a conversation about how the feedback provided impacts the learning in the course. SGID Conversation 2: Student-Consultant. Then there is a conversation

between the consultant and the instructor where they discuss how the feedback provided by the students can best inform the pedagogical approaches and strategies used by the instructor SGID Conversation 3 Consultant Instructor Finally the instructor closes the feedback loop with a conversation with their students about what they learned and how best to move forward SGID Conversation 4 Instructor Students These conversations during the middle of the semester change the way students think about the teaching and learning endeavor the way instructors perceive the learning challenges of their courses and the quality of the institutional academic culture Most importantly the SGID equips the instructor with the knowledge to make midsemester course corrections that can profoundly impact the ways students navigate the course communicate with the instructor and realize the ways effective teaching can enhance learning Handbook on Prisons and Jails Danielle Rudes,Gaylene Armstrong,Kimberly Kras,TaLisa Carter,2023-09-26 The Handbook on Prisons and Jails brings together some of the brightest scholars and thinkers in the field to offer a wide range of perspectives for understanding the experiences of persons incarcerated or working volunteering within carceral institutions The assembled chapters consider what is known in the area while identifying emerging areas for theoretical empirical and policy work The volume includes contributions on numerous topics and areas related to penal control containment living and or working in carceral institutions and addresses methodological considerations for doing research with individuals incarcerated in jail or prison This collection is essential reading for scholars and students seeking an up to date guide to contemporary issues facing corrections and sentencing It also provides practitioners with valuable resources for developing socially informed policies and practices *Transformative Student Experiences in Higher Education* Michael G. Strawser,2018-10-15 Transformative Student Experiences in Higher Education Meeting the Needs of the Twenty First Century Student and Modern Workplace presents a thorough consideration of the role use and implications of transformative and active instructional strategies in higher education It examines the changing landscape of higher education and serves as a foundational lens and framework for thinking through higher education from both an experiential and transformative instructional context As instructors and administrators struggle with twenty first century challenges this seminal text serves as a companion resource that presents innovative twenty first century techniques in a fair and balanced theoretical context *Peterson's Guide to Graduate and Professional Programs, an Overview* ,1992 The Christian Advocate ,1907 *Christian Advocate and Journal and Zion's Herald* ,1907 *Who's who in the Midwest* ,1986 **Headquarters USA** ,2003 **The College Handbook** ,1988 New Jersey ZIP+4 State Directory ,1984 Magazines for Libraries William Armstrong Katz,2003 **National Library Service Cumulative Book Review Index, 1905-1974: Authors.
