Digital Photography The Missing Manual:

David Pogue's Digital Photography: The Missing Manual David Pogue, 2009-03-26 If you're ready to jump into digital photography or would like to increase the skills you already have David Pogue's *Digital Photography The Missing Manual* is just what you need. Bestselling author David Pogue provides a no-nonsense guide to the entire process including how to buy and use a digital camera, get the same photographic effects as the pros manage the results on your Mac or PC, edit photos, and finally share the results with your adoring fans on paper, online, or on mugs, jigsaw puzzles, and blankets. After reviewing hundreds of digital cameras and photo services in his weekly New York Times column, David Pogue knows digital photography. With this new Missing Manual, you will get expert advice on how to choose a digital camera, including information on the only specs that matter. Hint: it's not about megapixels. Learn the basics of lighting, composition, and shooting lots of photos. Understand how to choose the best camera settings for 20 different scenarios. Unravel the problems of correcting images and storing them. Learn David's tips and tricks for sharing and printing images. Get a special troubleshooting section you can turn to when things go wrong. David Pogue's witty, authoritative voice has demystified the Mac, Windows, iPods, and iPhones for millions of readers. Now he offers step-by-step instructions and plenty of friendly advice to help you join in the fun and get real satisfaction from digital photography.

Digital Photography Chris Grover, Barbara K. Brundage, 2006 For those getting started with digital photography, this book is a complete guide to every step of the process. In the thoroughly engaging and entertaining style that has become a trademark of the Missing Manual series, the book's four major sections reveal methods for taking pictures, working with photo files, editing photos, and sharing the results.

iPhoto 2 David Pogue, Joseph Schorr, Derrick Story, 2003 Explains how to import, organize, modify, and share photographs using the Macintosh photograph editing and management software. iPhoto 5 David Pogue, 2005 *iPhoto 4* David Pogue, Derrick Story, 2004 Users will find a lot to like about the new iPhoto 4. With Smart Albums, they can organize photos similar to the way iTunes creates playlists. And they can share photos over a network using the same Apple technology for sharing music. There's much more, and our new Missing Manual covers everything in detail and with scrupulous objectivity. But this witty and authoritative guide goes much further, giving readers the basics they need to make iPhoto really work. Essentials of photography Using iPhoto without a grounding in camera technique is like getting a map before you've learned to drive. This book offers a friendly guide to the digital camera and professional tips for making everyday snapshots look spectacular. Editing basics Even great photos need a little touching up. This book shows how to master iPhoto's brightness and contrast controls, cropping tools, new Enhance and Retouch commands, and more. Finding an audience iPhoto excels at presenting photos. The book goes into detail about creating and uploading a Web site gallery, creating QuickTime movies from your pictures, both for DVD and on the Web, interactive DVD slideshows, AppleScripting iPhoto, important information on backing up and managing batches of photo files, and putting together one of Apple's iPhoto books, including hints on how

to arrange the pictures what book formats work best for what kind of material how to override the installed designs and how to make up your own iPhoto 4 The Missing Manual 3rd Edition covers all of these procedures step by step and offers details on even the smallest nips and tucks **PHP & MySQL: The Missing Manual** Brett McLaughlin,2011-11-29 If you can build websites with CSS and JavaScript this book takes you to the next level creating dynamic database driven websites with PHP and MySQL Learn how to build a database manage your content and interact with users through queries and web forms With step by step tutorials real world examples and jargon free explanations you ll soon discover the power of server side programming The important stuff you need to know Get a running start Write PHP scripts and create a web form right away Learn the language Get up to speed on PHP and SQL syntax quickly Build a database Use MySQL to store user information and other data Make it dynamic Create pages that change with each new viewing Be ready for mistakes Plan error messages to help direct users Manage your content Use the file system to access user data including images and other binary files Control operations Create an administrative interface to oversee your site **Photos for Mac and iOS: The Missing Manual** Lesa Snider,2015-07-15 Apple s new Photos app lets you do a whole lot more than simply store and edit pictures and videos on a Mac or iOS device With this comprehensive guide you ll learn how to import organize and share your digital memories as well as how to improve print and use your photos in creative projects With Lesa Snider s step by step instructions and expert advice you ll master Photos and tame your image library and have fun along the way The important stuff you need to know Migrate from iPhoto Learn how to make a quick and smooth transition Organize your collection with ease Master the many ways to import group and categorize images and set up iCloud Family Sharing Find your photos quickly Employ Photos powerful labeling keyword and facial recognition features to optimize searches Sharpen your editing skills Skillfully use Photos impressive image and video editing tools on your Mac or iOS device Access photos anywhere Sync your library to all of your Apple devices so your photos travel with you wherever you go Share them online Show your shots to everyone on your list by using shared albums creating web galleries posting them on Facebook and more Dive into creative projects Build pro level slideshows to share with others and create gorgeous gift books calendars and cards *iPhoto 5* David Pogue,Derrick Story,2005 The brilliance of digital photos on the Macintosh Cover **Photoshop Elements 4: The Missing Manual** Barbara Brundage,2005-10-31 The popularity of digital cameras continues to grow exponentially They are now more powerful feature rich and affordable turning digital photography into a mainstream interest And with Photoshop Elements Adobe has created the most popular photo editing program on the planet Learning how to work Photoshop Elements and manage digital photos can be a challenge for anyone just getting started from the hobbyist to the pro photographer With the latest Photoshop Elements 4 update Adobe delivers a powerful new program that provides photo editing and organizing functionality with improved performance The updated version also includes new more intuitive features that are streamlined and easier to use when the photographer has the right learning tool in hand With Photoshop Elements 4 The Missing Manual
