Chapter 2 Article 9 Japanese Constitution:

The Quest for Japan's New Constitution Christian G. Winkler, 2012-08-21 This book examines the many attempts over the last three decades to revise Japan's constitution. As the book shows, these attempts at revision have been relatively conservative, aiming to embed in the constitution visions of a different future for Japan. Specific reforms advocated include enabling Japan to have a more proactive foreign policy, more independent of the US-Japan alliance; strengthening the role of the Emperor; and excluding female succession to the throne, and emphasising more citizens' duties rather than their rights, in order to strengthen community and societal cohesion. By far, the most comprehensive analysis of constitutional reform debate in Japan to be published to date, it offers translations and analysis of more than two dozen amendment proposals. The book provides a comprehensive analysis of the details of the reform proposals, charts the so far unsuccessful attempts to bring about the reforms, discusses the different groups arguing for reform, and assesses the nature of the proposed reforms. It categorises different versions of the vision for Japan's future and shows that only a few campaigners are advocating anything like a return to Japan's pre-war constitution. Commentaries on the Constitution of the Empire of Japan Hirobumi Itō, 1889 RLE: Japan Mini-Set D: Politics (8 vols) Various Authors, 2021-03-04 Mini set D Politics re issues works originally published between 1920-1987 and examines the government, political system, and foreign policy of Japan during the twentieth century. Asia-Pacific Geopolitics Joseph A. Camilleri, 2007-01-01 Despite significant cultural exchange, mutual trust and understanding remains fragile between Asia-Pacific countries. The community faces complex and seemingly intractable problems: violent civil conflicts, geopolitical tensions, and economic uncertainties; proliferation of nuclear weapons and flashpoints that may lead to war. The authors of this book argue that common reflection and dialogue is imperative. Their achieved aim is to bring together distinguished scholars and experts on public policy, social ethics, defence, human security, and sustainability to consider the future of the Asia-Pacific region and appropriate responses by both states and civil society. *Johns Hopkins University Studies in Historical and Political Science* Johns Hopkins University, 1923 *Risk and Securitization in Japan* Piers R. Williamson, 2013-11-26 Since the early 1990s, there has been an emphasis in international relations theory on the shift from a Cold War rationality of threat to a post-Cold War rationality of risk. However, in *Risk and Securitization in Japan* 1945-1960, Piers R. Williamson argues that this assumption of a shift in rationality stems from a fundamental failure to distinguish between the concepts of threat and risk. By clarifying the concepts of threat and risk, this book challenges the prevailing hypothesis of a shift from threat to risk with the end of the Cold War and, in doing so, presents a new explanatory model of risk that can be applied to Japan and elsewhere. In turn, it proposes that a full comprehension of the concept of risk can generate new understandings of political processes that would otherwise remain obscured. Williamson demonstrates how this can be done, proffering a new perspective on Japanese security discourse, especially the controversy between, on the one hand,

early Japanese governments prime ministers Diet members and those Japanese who drafted the Japanese proposal for the new constitution and on the other hand intellectuals peace movement activists proponents of unarmed neutrality and the US Japan security treaty Including extensive archival material in the form of speeches public statements and government documents this book will be of huge interest to students and scholars of Japanese politics international relations and history alike *Framing the Constitution of Japan* ,1989 *Elements of Japanese Law* Joseph Ernest De Becker,1916 **Japan Weekly Mail** ,1896 *Japan in the League of Nations* Masatoshi Matsushita,1929 *The American Journal of International Law* James Brown Scott,George Grafton Wilson,1929 Vols for 1970 73 include American Society of International Law Proceedings no 64 67 *The Constitution of Japan* ,1990 *The Constitution and the National Defense Law System in Japan* Osamu Nishi,1987 *Japan in International Politics* Thomas U.
